SEC. 3. For the purposes of this Act Ute Indian blood shall be determined in accordance with the constitution and bylaws of the tribe and all tribal ordinances in force and effect on the effective date of this Act.

Such constitution may provide for the selection of authorized representatives who shall have power to take any action that is required by this Act to be taken by the mixed-blood members as a group: *Provided*, That nothing herein contained shall be construed as requiring said mixed-blood Indians to so organize if such organization is by them deemed unnecessary. In the event no such approved organization is effected, any action taken by the adult mixed-blood members, by majority vote, whether in public meeting or by referendum, but in either event, after such notice as may be prescribed by the Secretary, shall be binding upon said mixed-blood members of the tribe for the purposes of this Act.

The tribe shall have a period of thirty days from the date of enactment of this Act in which to prepare and submit to the Secretary a proposed roll of the full-blood members of the tribe, and a proposed roll of the mixed-blood members of the tribe, living on the date of enactment of this Act. If the tribe fails to submit such proposed rolls within the time specified in this Act, the Secretary shall prepare such proposed rolls for the tribe. Said proposed rolls shall be published in the Federal Register, and in a newspaper of general circulation in each of the counties of Uintah and Duchesne in the State of Utah. Any person claiming membership rights in the tribe, or an interest in its assets, or a representative of the Secretary on behalf of any such person, within sixty days from the date of publication in the Federal Register, or in either of the papers of general circulation, as hereinbefore provided, whichever publication date is last, may file an appeal with the Secretary contesting the inclusion or omission of the name of any person on or from either of such proposed rolls. The Secretary shall review such appeals and his decisions thereon shall be final and conclusive. After disposition of all such appeals to the Secretary, and after all transfers have been made pursuant to section 4 hereof the roll of the full-blood members of the tribe, and the roll of the mixed-blood members of the tribe, shall be published in the Federal Register, and such rolls shall be final for the purposes of this Act.

⊥All such sales, exchanges, or other dispositions shall be made upon such terms as said committee and said authorized representatives shall deem satisfactory and may be made pursuant to bids or at private sale, and all funds or other property derived from such sales, exchanges, or other dispositions shall be subject to the terms of this Act. Consent by the tribal business committee and said authorized representatives to the sale, exchange, or other disposal of the lands herein described shall relieve the United States of any liability resulting from such sale, exchange, or other disposition. The tribal ⊥873

business committee and said authorized representatives are further authorized to sell or dispose of tribal assigned lands to the assignees thereof under such terms and conditions as may be agreed upon by the said tribal business committee and said authorized representatives with the assignees, subject, however, to the approval of the Secretary.

Division of assets

SEC. 10. The tribal business committee representing the full-blood group, and the authorized representatives of the mixed-blood group, within sixty days after the publication of the final membership roll, as provided in section 8 hereof, shall commence a division of the assets of the tribe that are then susceptible to equitable and practicable distribution. Such division shall be by agreement between them subject to the approval of the Secretary. Said division shall be based upon the relative number of persons comprising the final membership roll of each group. After such division the rights or beneficial interests in tribal property of each mixed-blood person whose name appears on the roll shall constitute an undivided interest in and to such property which may be inherited or bequeathed, but shall be subject to alienation or encumbrance before the transfer of title to such tribal property only as provided herein. Any contract made in violation of this section shall be null and void. If said groups are unable to agree upon said division within a period of twelve months from the date of such commencement, or any authorized extension of said period granted within the discretion of the Secretary, the Secretary is authorized to partition the assets of the tribe in such manner as in his opinion will be equitable and fair to both groups. Such partition shall give rise to no cause of action against the United States and the costs of such partition shall be paid by the tribe. The Secretary is authorized to provide such reasonable assistance as may be requested by both groups, or by either group, in formulation and execution of a plan for the division of said assets, including necessary technical services of Government employees at Fort Duchesne, Utah, and arranging for necessary consultations with representatives of Federal departments and agencies, officials of the State of Utah, and political subdivisions thereof, and members of the tribe. All unadjudicated or unliquidated claims against the United States, all gas, oil, and mineral rights of every kind, and all other assets not susceptible to equitable and practicable distribution shall be managed jointly by the Tribal Business Committee and the authorized representatives of the mixed-blood group, subject to such supervision by the Secretary as is otherwise required by law, and the net proceeds therefrom after deducting the costs chargeable to such management shall first be divided between the full-blood and mixed-blood groups in direct proportion to the number of persons comprising the final membership roll of each group and without regard to the number of persons comprising each group at the time of the division of such proceeds.

Availability of tribal funds

SEC. 11. Notwithstanding any other provision of existing law, the tribal funds now on deposit or hereafter deposited in the United States Treasury to the credit of the tribe or either group thereof, shall be available for advance to the tribe or the respective groups, or for expenditure, for such purposes, including per capita payments, ⊥as may be designated by the Tribal Business Committee for the full-blood members, and by the authorized agents of the mixed-blood members, and in either event subject to the approval of the Secretary: *Provided*, That the aggregate amount of the expenditures and advances authorized by this section for the mixed-blood group shall not exceed 50 per centum of the total funds of said mixed-blood group after such division, until said mixed-blood group has adopted a plan approved by the Secretary for termination of Federal supervision of said mixed-blood group, as required under section 13 hereof. After such termina-

⊥874

tion of Federal supervision, per capita payments to the mixed-blood group shall not be subject to approval of the Secretary.

Per capita payments.

SEC. 12. Fifty per centum of all per capita payments to any individual mixed-blood member made pursuant to any division or distribution hereunder shall have deducted therefrom any sum or sums of money owed by such member to the tribe, whether due or to become due, unless in the opinion of the Secretary said debts are not adequately secured in which event the entire per capita payment shall be subject to such offset. Any other division, partition or distribution of property to any individual mixed-blood member made pursuant to this Act shall be subject to a mortgage to be made in favor of the tribe securing the payment of all sums of money owed by him to the tribe on the date of such division, partition or distribution to such individual mixed-blood member. The Secretary shall require the execution of any mortgage required hereunder as a condition to any such division, partition or distribution.

Mortgage requirement.

Distribution to individual members.

SEC. 13. After the adoption of a plan for the division of the assets between the two groups, a plan for distribution of the assets of the mixed-blood group to the individual members thereof shall be prepared and ratified by a majority of said group, within the period of six months from such adoption and presented to the Secretary for approval. The Secretary is authorized to provide such reasonable assistance, including necessary technical service of Government employees at Fort Duchesne, Utah, and arranging for necessary consultation with representatives of Federal departments and agencies, officials of the State of Utah and political subdivisions thereof, as may be required by the mixed-blood group in the preparation of such plan.

Plan.

The plan for division of the assets among the members of the mixed-blood group may include:

(1) Complete disposition of all cash assets of said group, reserving, however, sufficient funds to cover—

(i) the proportionate share of said mixed-blood group in and to all expenses incurred in effecting the purposes of this Act, including, but not limited to, the necessary expense incurred under sections 13 and 14 of this Act;

(ii) the just and proportionate share of the mixed-bloods in the expense incurred in the prosecution of the claims of the tribe, or the bands thereof, against the United States; and

(iii) the determinable and estimated administrative costs and expenses of any mixed-blood organization authorized by this Act, including lawful and reasonable salaries and fees of authorized agents, officers and employees of said mixed-blood group.

(2) Partition of the lands of the mixed-blood group, excepting all gas, oil, and mineral rights, to corporations, partnerships, or other legal entities, and to trustees, and the individual members of said groups, quality and quantity relatively considered, according to the respective rights and interests of the parties, located so as to embrace, as far as practicable, any improvements lawfully made by the person ⊥or persons receiving such land. The value of the improvements made, under a valid lease or assignment from the tribe, shall be excluded from the valuation in making allotments to the lessee or assignee, and the land must be valued without regard to such improvements unless the lease or assignment, under which said improvements were made, provided that such improvements should become the property of the tribe. In the making of any partition due consideration shall be given to all of the rights and interests of the person or persons receiving the property, and all of the rights and interests of the other members of the tribe. Two or more of the members of said mixed-blood group may obtain their share of property as tenants in common, as joint tenants, or in any other lawful manner when such members agree among themselves as to the manner in which they desire to receive such title.

⊥875

When it appears that an equitable partition cannot be made among the members of said mixed-blood group without prejudice to the rights and interests of some of them, and yet a partition is directed by the group, the members of said group may voluntarily determine compensation to be made by one party to another on account of the inequity. In all cases where equity is agreed upon by the members of said mixed-blood group, such compensatory adjustment among the parties, according to the principles of equity, must be approved by the Secretary. In the event of a failure to agree upon an equitable compensatory adjustment among the parties the Secretary shall make such adjustment and his decision shall be final.

(3) Organization of corporations for the grazing of livestock, handling of water and water rights, and the shares therein may be issued to the members of said group in proportion to their interests in the assets of such corporations. When, in the opinion of said mixed-blood group, it is to the best interest of said group to transfer a portion of the assets of said group to a corporation or other legal entity for any purpose, the Secretary is authorized to make such transfer.

(4) A transfer of assets to one or more trustees designated by said group who shall hold title to all or any part of the property of said group for management or liquidation purposes under terms and conditions prescribed by said mixed-blood group. The Secretary is authorized to make such transfer, and approve the trustees, and the terms and conditions of the trust.

(5) Sale of any portion of the assets of said group subject to the approval of the Secretary. In addition to the sales herein otherwise authorized, authority is granted to the authorized representatives of said group to sell any property of said group when, in the opinion of the majority of said mixed-blood group, a practicable partition cannot be made, or for any other reason it is deemed to the best interests of the group, and the proceeds of such sales shall be distributed equitably among the members of said mixed-blood group; after deducting reasonable cost of sale and distribution.

SEC. 14. In the event all the tribal assets, susceptible to equitable and practicable distribution, distributed to the mixed-blood group under the provisions of section 10 hereof, are not, within seven years from the date of enactment of this Act, distributed to the individual mixed-blood members as contemplated in the plan to be adopted in accordance with the provisions of section 13 hereof, so as to effectively terminate Federal supervision over said assets, then the Secretary shall proceed to make such distribution in a manner, in his discretion, deemed fair and equitable to all members of said group, or convey such assets to a trustee for liquidation and distribution of the net proceeds, or convey such assets to the persons entitled thereto as tenants in common.

Disposal of tribal assets by individual member.

⊥SEC. 15. Any member of the mixed-blood group may dispose of his interest in the tribal assets prior to termination of Federal supervision, subject to the approval of the Secretary. In the event a member of the mixed-blood group determines to dispose of his interest in any of said real property at any time within ten years from the date of enactment of this Act, he shall first offer it to the members of the tribe, and no sale of any interest, prior to termination of Federal supervision, shall be authorized without such offer to said members of the tribe in such form as may be approved by the Secretary. After termination of Federal supervision the requirement of such offer, in form to be approved by the Secretary, shall be a covenant to run with the land for said ten-year period, and shall be expressly provided in any patent or deed issued prior to the expiration of said period.

Sales restrictions, etc. Removal.

SEC. 16. (a) When any mixed-blood member of the tribe has received his distributive share of the tribal assets distributed to the mixed-blood group under the provisions of section 10 hereof, whether such

distribution is made in part or in whole to a corporation, partnership, or trusteeship in which he is interested, or otherwise, the Secretary is authorized and directed to immediately transfer to him unrestricted control of all other property held in trust for such mixed-blood member by the United States, and shall further remove all restrictions on the sale or encumbrance of trust or restricted property owned by such member of the tribe, and Federal supervision of such member and his property shall thereby be terminated, except as to his remaining interest in tribal property in the form of any unadjudicated or unliquidated claims against the United States, all gas, oil, and mineral rights of every kind, and all other tribal assets not susceptible to equitable and practicable distribution, all of which shall remain subject to the terms of this Act, notwithstanding anything herein contained to the contrary.

(b) Prior to the removal of restrictions in accordance with the provisions of subsection (a) hereof on land owned by more than one person, the Secretary may—

Partition.

(1) upon request of any of the owners, partition the land and issue to each owner an unrestricted patent or deed for his individual share, unless such owner is a full-blood member of the tribe or other Indian who owns trust or restricted property, in which event a trust patent or restricted deed shall be issued and such trust may be terminated or such restrictions may be removed when the Secretary determines that the need therefor no longer exists;

Sale.

(2) upon request of any of the owners and a finding by the Secretary that partition of all or any part of the land is not practicable, cause all or any part of the land to be sold at not less than the appraised value thereof and distribute the proceeds of sale to the owners: *Provided*, That before a sale any one or more of the owners may elect to purchase the other interests in the land, or the tribe may elect to purchase the entire interest in the land, at not less than the appraised value thereof.

Taxes.

SEC. 17. No distribution of the assets made under the provisions of this Act shall be subject to any Federal or State income tax: *Provided*, That so much of any cash distribution made hereunder as consists of a share of any interest earned on funds deposited in the Treasury of the United States shall not by virtue of this Act be exempt from individual income tax in the hands of the recipients for the year in which paid. Property distributed to the mixed-blood group pursuant to the terms of this Act shall be exempt from property taxes for a period of seven years from the date of enactment of this Act, unless the original distributee parts with title thereto, either by deed, descent, succession, foreclosure of mortgage, sheriff's sale or other conveyance: *Provided*, ⊥That the mortgaging, hypothecation, granting of a right-of-way, or ⊥1877 other similar encumbrance of said property shall not be construed as a conveyance subjecting said property to taxation under the provisions of this section. After seven years from the date of enactment of this Act, all property distributed to the mixed-blood members of the tribe under the provisions of this Act, and all income derived therefrom by the individual, corporation, or other legal entity, shall be subject to the same taxes, State and Federal, as in the case of non-Indians; except that any valuation for purposes of Federal income tax on gains or losses shall take as the basis of the particular taxpayer the value of the property on the date title is transferred by the United States pursuant to this Act.

Probation of wills, etc.

SEC. 18. The laws of the United States with respect to probate of wills, determination of heirship, and the administration of estates shall apply to the individual trust property of mixed-blood members of the tribe until Federal supervision is terminated. Thereafter, the laws of the several States, Territories, possessions, and the District of

Columbia within which such mixed-blood members reside at the time of their death shall apply.

Claims.

SEC. 19. Nothing in this Act shall affect any claim heretofore filed against the United States by the tribe, or the individual bands comprising the tribe.

Leases, permits, etc.

SEC. 20. Nothing in this Act shall abrogate any valid lease, permit, license, right-of-way, lien, or other contract heretofore approved.

Water rights.

SEC. 21. Nothing in this Act shall abrogate any water rights of the tribe or its members.

Guardians for minors, etc.

SEC. 22. For the purposes of this Act, the Secretary shall protect the rights of members of the tribe who are minors, non compos mentis, or, in the opinion of Secretary, in need of assistance in conducting their affairs, by such means as he may deem adequate, but appointment of guardians pursuant to State laws, in any case, shall not be required until Federal supervision has terminated.

Federal trust termination proclamation. Publication in FR.

SEC. 23. Upon removal of Federal restrictions on the property of each individual mixed-blood member of the tribe, the Secretary shall publish in the Federal Register a proclamation declaring that the Federal trust relationship to such individual is terminated. Thereafter, such individual shall not be entitled to any of the services performed for Indians because of his status as an Indian. All statutes of the United States which affect Indians because of their status as Indians shall no longer be applicable to such member over which supervision has been terminated, and the laws of the several States shall apply to such member in the same manner as they apply to other citizens within their jurisdiction.

Development program.

SEC. 24. Within three months after the date of enactment of this Act, the business committee of the tribe representing the full-blood group thereof shall present to the Secretary a development program calculated to assist in making the tribe and the members thereof self-supporting, without any special Government assistance, with a view of eventually terminating all Federal supervision of the tribe and its members. The tribal business committee, representing the full-blood group shall, through the Secretary of the Interior, make a full and complete annual progress report to the Congress of its activities, and of the expenditures authorized under this Act.

Report to Congress.

Citizenship status.

SEC. 25. Nothing in this Act shall affect the status of the members of the tribe as citizens of the United States.

Patents, deeds, etc.

SEC. 26. The Secretary shall have authority to execute such patents, deeds, assignments, releases, certificates, contracts, and other instruments, as may be necessary or appropriate to carry out the provisions

of this Act, or to establish a marketable and recordable title to any property disposed of pursuant to this Act.

Rules and regulations.

SEC. 27. The Secretary is authorized to issue rules and regulations necessary to effectuate the purposes of this Act, and may, in his discretion, provide for tribal or group referenda on matters pertaining to management or disposition of tribal or group assets.

Agreements.

SEC. 28. Whenever any action pursuant to the provisions of this Act requires the agreement of the mixed-blood and full-blood groups and such agreement cannot be reached, the Secretary is authorized to proceed in any manner deemed by him to be in the best interests of both groups.

SEC. 29. All Acts, or parts of Acts, inconsistent with this Act are hereby repealed insofar as they affect the tribe or its members.

Separability.

SEC. 30. If any provision of this Act, or the application thereof to any person or circumstance, is held invalid, the remainder of the Act and the application of such provision to other persons or circumstances shall not be affected thereby.

(4) to apply to the Secretary for a division of all or any part of the tribal land into parcels for members and for public purposes,

together with a general plan for the subdivision showing the approximate size, location, and number of parcels, and the Secretary is authorized to issue patents for that purpose.

Selection of trustees.

(c) When approving or disapproving the selection of trustees in accordance with the provisions of subsection (a) of this section, and when designating trustees pursuant to subsection (b) of this section, the Secretary shall give due regard to the laws of the State of Utah that relate to the selection of trustees: *Provided further*, That the trust ageement shall provide that at any time before the sale of tribal property by the trustees the tribe may notify the trustees that it elects to retain such property and to transfer title thereto to a corporation, other legal entity, or trustee in accordance with the provisions of paragraphs (1) and (2) of subsection (a) of this section, and that the trustees shall transfer title to such property in accordance with the notice from the tribe if it is approved by the Secretary.

⊥1192

Rehabilitation and relocation of members.

SECTION V. In addition to the sum set out in section II hereof, the United States further agrees that it will appropriate and make available a further sum in the total amount of $5,160,000 which shall likewise be deposited in the Treasury of the United States to the credit of said Indian Tribe to draw interest on the principal thereof at the rate of 4 per centum per annum until expended for the purpose of complete rehabilitation for all members of said Tribe who are residents of the Cheyenne River Sioux Reservation at the time of the passage of this Act, whether or not residing within the taking area of the Oahe Project, and for relocating and reestablishing members of said Tribe who reside upon such lands conveyed to the United States to the extent that the economic, social, religious, and community life of all said Indians shall be restored to a condition not less advantageous to said Indians than the condition that the said Indians now are in: *Provided*, That said fund provided for in this section shall be expended upon the order and direction of the Tribal Council of said Tribe, with the approval of the Secretary of the Interior, for the purposes set forth in this section: *Provided further*, That the authorization contained in section XVI hereof shall remain available for a period not to exceed ten years from the effective date of this Act.

Relating to the Lumbee Indians of North Carolina.

Whereas many Indians now living in Robeson and adjoining counties are descendants of that once large and prosperous tribe which occupied the lands along the Lumbee River at the time of the earliest white settlements in that section; and

Whereas at the time of their first contacts with the colonists, these Indians were a well-established and distinctive people living in European-type houses in settled towns and communities, owning slaves and livestock, tilling the soil, and practicing many of the arts and crafts of European civilization; and 1255

Whereas by reason of tribal legend, coupled with a distinctive appearance and manner of speech and the frequent recurrence among them of family names such as Oxendine, Locklear, Chavis, Drinkwater, Bullard, Lowery, Sampson, and others, also found on the roster of the earliest English settlements, these Indians may, with considerable show of reason, trace their origin to an admixture of colonial blood with certain coastal tribes of Indians; and

Whereas these people are naturally and understandably proud of their heritage, and desirous of establishing their social status and preserving their racial history: Now, therefore,

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Indians now residing in Robeson and adjoining counties of North Carolina, originally found by the first white settlers on the Lumbee River in Robeson County, and claiming joint descent from remnants of early American colonists and certain tribes of Indians originally inhabiting the coastal regions of North Carolina, shall, from and after the ratification of this Act, be known and designated as Lumbee Indians of North Carolina and shall continue to enjoy all rights, privileges, and immunities enjoyed by them as citizens of the State of North Carolina and of the United States as they enjoyed before the enactment of this Act, and shall continue to be subject to all the obligations and duties of such citizens under the laws of the State of North Carolina and the

25 U. S. C. 70, 70a, 70j, 70 note.

SEC. 5. This Act shall not become effective unless and until (1) the Ute Indian Tribe of the Uintah and Ouray Reservation, in Utah, accepts its provisions, in such manner as may be designated by the Secretary of the Interior, within one year after the approval hereof; (2) the Uintah and White River Bands present to the Secretary of the Interior a release, satisfactory to him, of any claims they might have because the Uncompahgre Utes are permitted to share in the benefits of this Act; and (3) an amendment to the petition in docket numbered 47568 is filed with the Court of Claims limiting the prayer for relief as to the claim presently stated therein to just compensation based upon the value of surface rights only, in accordance with section 4 hereof. Restriction on amount.

⊥SEC. 2. The amount of such financial assistance shall not exceed that portion of the reasonable cost of the construction project which is attributable to the Indian health needs, as determined by the Surgeon General: *Provided,* That in determining, for the purposes of this Act, the portion of the cost of the construction project attributable to Indian health needs, the Surgeon General shall take into account only those categories of Indians for which hospital and medical care, including outpatient care and field health services, is being provided by or at the expense of the Public Health Service on the date of enactment of this Act.

AN ACT

May 1, 1958
[S. 864]
72 Stat. 99

To provide for the transfer of certain lands to the State of Minnesota.

Minnesota.
Transfer of lands.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That (a) the State of Minnesota may, within three years after the date of enactment of this Act, file with the Secretary of the Interior (1) a schedule showing (A) each tract of public land which the State may have selected and which has not been reserved or withdrawn for some Federal use, and each tract of ceded or other Indian lands, which tracts are subject to liens under the Act entitled "An Act to authorize the drainage of certain lands in the State of Minnesota", approved May 20, 1908 (43 U. S. C. 1021–1027); (B) the amount of the lien under the Act of May 20, 1908, on each such tract of land, and the sum of the liens on all such tracts, which liens shall not include any interest charges which may have accrued after April 19, 1929, for land in the Red Lake Game Preserve and after April 25, 1931, for other lands; (C) the date when the lien on each such tract became effective; and (D) the authority under which the charges were assessed; and (2) an application to acquire the lands listed in such schedule in the manner provided in this Act.

35 Stat. 169.

(b) The Secretary may, in his discretion, approve the listing of the lands in such schedule and accept the application for such lands. Upon such acceptance, the Secretary shall appraise the tracts listed in accordance with their fair market value. Such appraisal shall be conclusive for the purposes of this Act. The Secretary shall also determine the amount, if any, by which the total appraised value of the lands listed exceeds the total amount of the liens on such lands under the Act of May 20, 1908.

⊥100

Patents.

⊥SEC. 2. (a) Subject to the provisions of sections 3 and 5, the Secretary shall patent to the State the lands listed in any application accepted under the first section upon payment by the State to the United States of the excess of the total appraised value of the lands listed in such application over the total amount of the liens on such lands under the Act of May 20, 1908: *Provided,* That the payment for each tract of ceded or other Indian land shall be not less than $1.25 per acre for the use and benefit of the Indian tribe or individual owning the tract. The Secretary shall issue a patent to the State under the authority of this subsection only if the State makes payment of the amount of such excess within two years after the determination of such amount. The failure of the State to make payment within the time required by this subsection shall not operate as a bar to the filing of any subsequent schedule and application by the State in the manner, and within the time, prescribed by the first section.

(b) Notwithstanding any other provisions of this Act, the Secretary may issue a patent to the State for the public lands subject to liens under the Act of May 20, 1908, not withdrawn or reserved for Indians or some Federal use, without payment, if he determines through appraisal or otherwise that the total amount of the liens on such lands under that Act is approximately equal to or exceeds the total value of the lands.

(c) Any patent issued to the State under this Act shall contain the provisions and reservations which are inserted in patents for public lands entered under the homestead law.

Claims.

SEC. 3. Nothing in this Act shall be construed to prejudice any valid

claims relating to the lands for which an application has been made and accepted under the first section of this Act. The Secretary shall notify all entrymen of the sum due the State for drainage charges under the Act of May 20, 1908, and shall give to the entrymen any extension of time which he determines is reasonable within which to comply with the requirements of the law under which the entry was made, and to make the payments due the State. The Secretary shall not patent to the State any lands subject to such entries unless and until the entry involved is canceled in accordance with the law under which the entry was made.

Liens or assessments.

SEC. 4. After the date of enactment of this Act, no further liens or assessments shall be imposed on any Federal lands or any ceded or other Indian lands in the State of Minnesota under authority of the Act of May 20, 1908.

Indian lands.

SEC. 5. (a) With respect to ceded or other Indian lands, the Secretary may exercise the authority granted in the first section and section 2 of this Act only with the consent of the Indian owner or owners. The consent of the individuals owning two-thirds of the beneficial interest shall be sufficient in the case of undivided heirship lands. The consent of the Minnesota Chippewa Tribe and of the Red Lake Band of Chippewas, in the case of tribal lands, shall be evidenced by resolution of the recognized governing body of the tribe or band.

(b) Nothing in this Act shall be construed to prejudice Indian title to any lands subject to lien, nor to preclude the right of the Indian owner, or owners, to clear title to their lands by payment of the lien claimed by the State.

(c) Payments made by the State under this Act for the purchase of tribally owned Indian lands shall be deposited in the Treasury of the United States to the credit of the tribe owning such lands, and payments made for the purchase of individually owned Indian lands shall be deposited with the officer in charge of the Indian agency having jurisdiction over such lands to the credit of the Indian owners thereof.

C., sec. 432 and following), as amended, shall have the effect of withdrawing the lands subject thereto from selection by the State of Alaska under this Act, unless such lease, permit, license, or contract is in effect on the date of approval of this Act, and unless an application to select such lands is filed with the Secretary of the Interior within a period of five years after the date of the admission of Alaska into the Union. Such selections shall be made only from lands that are otherwise open to selection under this Act, and shall include the entire area that is subject to each lease, permit, license, or contract involved in the selections. Any patent for lands so selected shall vest in the State of Alaska all right, title, and interest of the United States in and to any such lease, permit, license, or contract that remains outstanding on the effective date of the patent, including the right to all rentals, royalties, and other payments accruing after that date under such lease, permit, license, or contract, and including any authority that

may have been retained by the States to modify the terms and conditions of such lease, permit, license, or contract: *Provided,* That nothing herein contained shall affect the continued validity of any such lease, permit, license, or contract or any rights arising thereunder.

Mineral land grants.

(i) All grants made or confirmed under this Act shall include mineral deposits. The grants of mineral lands to the State of Alaska under subsections (a) and (b) of this section are made upon the express condition that all sales, grants, deeds, or patents for any of the mineral lands so granted shall be subject to and contain a reservation to the State of all of the minerals in the lands so sold, granted, deeded, or patented, together with the right to prospect for, mine, and remove the same. Mineral deposits in such lands shall be subject to lease by the State as the State legislature may direct: *Provided,* That any lands or minerals hereafter disposed of contrary to the provisions of this section shall be forfeited to the United States by appropriate proceedings instituted by the Attorney General for that purpose in the United States District Court for the District of Alaska.

Schools and colleges.

(j) The schools and colleges provided for in this Act shall forever remain under the exclusive control of the State, or its governmental ⊥subdivisions, and no part of the proceeds arising from the sale or disposal of any lands granted herein for educational purposes shall be used for the support of any sectarian or denominational school, college, or university.

C., sec. 353), as amended, and the last sentence of section 35 of the Act of February 25, 1920 (41 Stat. 450; 30 U. S. C., sec. 191), as amended, are repealed and all lands therein reserved under the provisions of section 1 as of the date of this Act shall, upon the admission of said State into the Union, be granted to said State for the purposes for which they were reserved; but such repeal shall not affect any outstanding lease, permit, license, or contract issued under said section 1, as amended, or any rights or powers with respect to such lease, permit, license, or contract, and shall not affect the disposition of the proceeds or income derived prior to such repeal from any lands reserved under said section 1, as amended, or derived thereafter from any disposition of the reserved lands or an interest therein made prior to such repeal.

Repeals.

Internal improvements.

(l) The grants provided for in this Act shall be in lieu of the grant of land for purposes of internal improvements made to new States by section 8 of the Act of September 4, 1841 (5 Stat. 455), and sections 2378 and 2379 of the Revised Statutes (43 U. C., secs. 301–308), which grants are hereby declared not to extend to the State of Alaska.

* * *

1553

"CHILDREN FOR WHOM LOCAL AGENCIES ARE UNABLE TO PROVIDE EDUCATION

"SEC. 10. In the case of children who it is estimated by the Commissioner in any fiscal year will reside on Federal property at the end of the next fiscal year—

"(1) if no tax revenues of the State or any political subdivision thereof may be expended for the free public education of such children; or

"(2) if it is the judgment of the Commissioner, after he has consulted with the appropriate State educational agency, that no local educational agency is able to provide suitable free public education for such children,

the Commissioner shall make arrangements for constructing or otherwise providing the minimum school facilities necessary for the education of such children. To the maximum extent practicable school facilities provided under this section shall be comparable to minimum school facilities provided for children in comparable communities in the State. This section shall not apply (A) to children who reside on Federal property under the control of the Atomic Energy Commission, and (B) to Indian children attending federally operated Indian schools. Whenever it is necessary for the Commissioner to provide school facilities for children residing on Federal property under this section, the membership of such children may not be included in computing

under section 5 the maximum on the total of the payments for any local educational agency.

"SEC. 13.

⊥"(b) All Federal departments or agencies administering Federal property on which children reside, and all such departments or agencies principally responsible for Federal activities which may give rise to a need for the construction of school facilities, shall to the maximum extent practicable, comply with requests of the Commissioner for information he may require in carrying out the purposes of this Act. ⊥555

"(c) No appropriation to any department or agency of the United States, other than an appropriation to carry out this Act, shall be available for the same purpose as this Act; except that nothing in this subsection shall affect the availability of appropriations authorized, prior to September 23, 1950, for the construction of school facilities to be attended by Indian children or appropriations (1) for the construction of school facilities on Federal property under the control of the Atomic Energy Commission, (2) for the construction of school facilities which are to be federally operated for Indian children, or (3) for the construction of school facilities under the Alaska Public Works Act, approved August 24, 1949. 63 Stat. 627. 48 U. S. C. 486 note

"SCHOOL CONSTRUCTION ASSISTANCE IN OTHER FEDERALLY-AFFECTED AREAS

"SEC. 14. (a) If the Commissioner determines with respect to any local educational agency that—

"(1) such agency is providing or, upon completion of the school facilities for which provision is made herein, will provide free public education for children who reside on Federal property, and whose membership in the schools of such agency has not formed and will not form the basis for payments under other provisions of this Act, and that the total number of such children represents a substantial percentage of the total number of children for whom such agency provides free public education or that the total number of such children who reside on Indian lands located outside the school district of such agency equals or exceeds 100;

"(2) the immunity of such Federal property to taxation by such agency has created a substantial and continuing impairment of its ability to finance needed school facilities;

"(3) such agency is making a reasonable tax effort and is exercising due diligence in availing itself of State and other financial assistance available for the purpose; and

"(4) such agency does not have sufficient funds available to it from other Federal, State, and local sources to provide the minimum school facilities required for free public education in its school district,

he may provide the additional assistance necessary to enable such agency to provide such facilities, upon such terms and in such amounts (subject to the provisions of this section) as the Commissioner may consider to be in the public interest; but such additional assistance may not exceed the portion of the cost of such facilities which the Commissioner estimates is attributable to children who reside on Federal property, and which has not been, and is not to be, recovered by the local educational agency from other sources, including payments by the United States under any other provisions of this

Act or any other law. Notwithstanding the provisions of this subsection, the Commissioner may waive the percentage requirement in paragraph (1) in the case of any application for additional assistance on account of children who reside on Indian lands whenever, in his judgment, exceptional circumstances exist which make such action
1556 necessary to ⊥avoid inequity and avoid defeating the purposes of this section. Assistance may be furnished under this subsection without regard to paragraph (2) (but subject to the other provisions of this subsection and subsection (c)) to any local educational agency which provides free public education for children who reside on Indian lands located outside its school district. For purposes of this subsection 'Indian lands' means Indian reservations or other real property referred to in the third sentence of section 15 (1).

Appropriation "(b) There are hereby authorized to be appropriated for each fiscal year ending prior to July 1, 1961, such sums, not to exceed $40,000,000 in the aggregate, as may be necessary to carry out the provisions of this section. There are also authorized to be appropriated such sums as may be necessary for administration of such provisions. Amounts so appropriated, other than amounts appropriated for administration, shall remain available until expended, except that after June 30, 1961, no agreement may be made to extend assistance under this section.

"(c) No payment may be made to any local educational agency under subsection (a) except upon application therefor which is submitted through the appropriate State educational agency and is filed with the Commissioner in accordance with regulations prescribed by him, and which meets the requirements of section 6 (b) (1). In determining the order in which such applications shall be approved, the Commissioner shall consider the relative educational and financial needs of the local educational agencies which have submitted approvable applications and the nature and extent of the Federal responsibility. No payment may be made under subsection (a) unless the Commissioner finds, after consultation with the State and local educational agencies, that the project or projects with respect to which it is made are not inconsistent with over-all State plans for the construction of school facilities. All determinations made by the Commissioner under this section shall be made only after consultation with the appropriate State educational agency and the local educational agency.

"(d) Amounts paid by the Commissioner to local educational agencies under subsection (a) may be paid in advance of, or by way of reimbursement for, work performed or purchases made pursuant to the agreement with the Commissioner under this section, and may be paid in such installments as the Commissioner may determine. Any funds paid to a local educational agency and not expended or otherwise used for the purposes for which paid shall be repaid to the Treasury of the United States.

"(e) None of the provisions of sections 1 to 10, both inclusive, other than section 6 (b) (1), shall apply with respect to determinations made under this section.

"DEFINITIONS

"SEC. 15. For the purposes of this Act—

"(1) The term 'Federal property' means real property which is owned by the United States or is leased by the United States, and which is not subject to taxation by any State or any political subdivision of a State or by the District of Columbia. Such term includes real property which is owned by the United States and leased therefrom and the improvements thereon, even though the lessee's interest, or any improvement on such property, is subject to taxation by a State or a political subdivision of a State or by the District of Columbia. Educational training.

SEC. 9. Prior to the termination of the Federal trust relationship in accordance with the provisions of this Act, the Secretary of the Interior is authorized to undertake, within the limits of available appropriations, a special program of education and training designed to help the Indians to earn a livelihood, to conduct their own affairs, and to assume their responsibilities as citizens without special services because of their status as Indians. Such program may include language training, orientation in non-Indian community customs and living standards, vocational training and related subjects, transportation to the place of training or instruction, and subsistence during the course of training or instruction. For the purposes of such program, the Secretary is authorized to enter into contracts or agreements with any Federal, State, or local governmental agency, corporation, association, or person. (a) The plan for the distribution of the assets of a rancheria or reservation, when approved by the Secretary and by the Indians in a referendum vote as provided in subsection 2 (b) of this Act, shall be final, and the distribution of assets pursuant to such plan shall not be the basis for any claim against the United States by an Indian who receives or is denied a part of the assets distributed.

Laws applicable.

Klamath Indians.
25 U. S. C. 564–564w

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Act of August 13, 1954 (68 Stat. 718), is amended by adding a new section 28 as follows:

25 U. S. C. 564d, 564e

"SEC. 28. Notwithstanding the provisions of sections 5 and 6 of the Act of August 13, 1954 (68 Stat. 718), and all Acts amendatory thereof—

Designation of boundaries.

"(a) The tribal lands that comprise the Klamath Indian Forest, and the tribal lands that comprise the Klamath Marsh, shall be designated by the Secretary of the Interior and the Secretary of Agriculture, jointly.

Klamath Indian Forest.
Sales.

"(b) The portion of the Klamath Indian Forest that is selected for sale pursuant to subsection 5 (a) (3) of this Act to pay members who withdraw from the tribe shall be offered for sale by the Secretary of the Interior in appropriate units, on the basis of competitive bids, to any purchaser or purchasers who agree to manage the forest lands as far as practicable according to sustained yield procedures so as to furnish a continuous supply of timber according to plans to be prepared and submitted by them for approval and inclusion in the conveyancing instruments in accordance with specifications and requirements referred to in the invitations for bids: *Provided,* That no sale shall be for a price that is less than the realization value of the units involved determined as provided in subsection (c) of this section. The terms and conditions of the sales shall be prescribed by the Secretary. The specifications and minimum requirements to be included in the invitations for bids, and the determination of appropriate units for sale, shall be developed and made jointly by the Secretary of the Interior and the Secretary of Agriculture. Such plans when prepared by the purchaser shall include provisions for the conservation of soil and water resources as well as for the management of the timber resources as hereinbefore set forth in this section. Such plans shall be satisfactory to and have the approval of the Secretary of Agriculture as complying with the minimum standards included in said specifications and requirements before the prospective purchaser shall be entitled to have his bid considered by the Secretary of the Interior and the failure on the part of the purchaser to prepare and submit a satisfactory plan to the Secretary of Agriculture shall constitute grounds for rejection of such bid. Such plans shall be incorporated as conditions in the conveyancing instruments executed by the Secretary and shall be binding on the grantee and all successors in interest. The conveyancing instruments shall provide for a forfeiture and a reversion of title to the lands to the United States, not in trust for or subject to Indian use, in the event of a breach of such conditions. The purchase price paid by the grantee shall be deemed to represent the full appraised fair market value of the lands, undiminished by the right of reversion retained by the United States in a nontrust status, and the retention of such

right of reversion shall not be the basis for any claim against the United States. The Secretary of Agriculture shall be responsible for enforcing such conditions. Upon any reversion of title pursuant to this subsection, the lands shall be-⊥come national forest ⊥817 lands subject to the laws that are applicable to lands acquired pursuant to the Act of March 1, 1911 (36 Stat. 961), as amended. 16 U. S. C. 480–563, *passim*.

"(c) Within sixty days after this section becomes effective the Secretary of the Interior shall contract by negotiation with three qualified appraisers or three qualified appraisal organizations for a review of the appraisal approved by the Secretary pursuant to subsection 5 (a) (2) of this Act, as amended. In such review full consideration shall be given to all reasonably ascertainable elements of land, forest, and mineral values. Not less than thirty days before executing such contracts the Secretary shall notify the chairman of the House Committee on Interior and Insular Affairs and the chairman of the Senate Committee on Interior and Insular Affairs of the names and addresses of the appraisers selected. The cost of the appraisal review shall be paid from tribal funds which are hereby made available for such purpose, subject to full reimbursement by the United States, and the appropriation of funds for that purpose is hereby authorized. Upon the basis of a review of the appraisal heretofore made of the forest units and marsh lands involved and such other materials as may be readily available, including additional market data since the date of the prior appraisal, but without making any new and independent appraisal, each appraiser shall estimate the fair market value of such forest units and marsh lands as if they had been offered for sale on a competitive market without limitation on use during the interval between the adjournment of the Eighty-fifth Congress and the termination date specified in subsection 6(b) of this Act, as amended. This value shall be known as the realization value. If the three appraisers are not able to agree on the realization value of such forest units and marsh lands, then such realization values shall be determined by averaging the values estimated by each appraiser. The Secretary shall report such realization values to the chairman of the House Committee on Interior and Insular Affairs and to the chairman of the Senate Committee on Interior and Insular Affairs not later than January 15, 1959. No sale of forest units that comprise the Klamath Indian forest designated pursuant to subsection 28(a) shall be made under the provisions of this Act prior to April 1, 1959.

No such lands shall be sold at a price below the price at which they have been offered for sale to the Secretary of Agriculture, and if such lands are reoffered for sale they shall first be reoffered to the Secretary of Agriculture. Compensation for said taking shall be the realization value of the lands determined in accordance with subsection (c) of this section, and shall be paid out of funds in the Treasury of the United States, which are hereby authorized to be appropriated for that purpose.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 2275 of the Revised Statutes, as amended (43 U. S. C. 851), is amended to read as follows:

Public lands. Grants.

"SEC. 2275. Where settlements with a view to preemption or homestead have been, or shall hereafter be made, before the survey of the lands in the field, which are found to have been made on sections sixteen or thirty-six, those sections shall be subject to the claims of such settlers; and if such sections or either of them have been or shall be granted, reserved, or pledged for the use of schools or colleges in the State or Territory in which they lie, other lands of equal acreage are hereby appropriated and granted, and may be selected, in accordance with the provisions of section 2276 of the Revised Statutes, by said State or Territory, in lieu of such as may be thus taken by preemption or homestead settlers. And it shall be the duty of the Secretary of the Interior, without awaiting the extension of the public surveys, to ascertain and determine, by protraction or otherwise, the number of townships that will be included within such Indian, military, or other reservations, and thereupon the State or Territory shall be entitled to select indemnity lands to the extent of section for section in lieu of sections therein which have been or shall be granted, reserved, or pledged; but such selections may not be made within the boundaries of said reservation: *Provided, however,* That nothing herein contained shall prevent any State or Territory from awaiting the extinguishment of any such military, Indian, or other reservation and the restoration of the lands therein embraced to the public domain and then taking the sections sixteen and thirty-six in place therein."

(1) The Act of March 1, 1933 (ch. 160, 47 Stat. 1418); 25 U. S. C. 337a, 43 U. S. C. 190a

Subject to the provision of section 2 of this Act, and subject to valid existing rights, all public lands of the United States within said exterior boundaries of said reservation are hereby declared to be held in trust for the benefit of the Navajo Tribe of Indians. The term "public lands" as used herein shall be deemed to include but in no way to be limited to lands and the mineral deposits which originally may have been excluded from said reservation by reason of settlement or occupancy or other valid rights then existing, but since relinquished, extinguished, or otherwise terminated. The tribe is hereby authorized to adopt such rules and regulations as it deems appropriate, with the approval of the Secretary, for residence and use of the lands transferred pursuant to this section: *Provided*, That the tribal council shall give preference until January 1, 1963, in granting residence and use rights to: (1) those Navajos who, prior to the effective date of this Act, have used or occupied the transferred lands and (2) those Navajos who, prior to the effective date of this Act, have used or occupied other public lands in San Juan County, Utah.

Use of said nonexclusive easement shall be in accordance with regulations prescribed by the

Secretary, and future uses and dispositions of the public lands affected shall be subject to said easement.

Highway rights-of-way

(f) The transfer of lands to the Navajo Tribe, as provided in this section, shall not affect the status of rights-of-way for public highways traversing such lands, which rights-of-way shall remain available for public use, including the movement of livestock thereon.

(g) The Secretary of the Interior shall compensate persons whose grazing permits, licenses or leases covering lands transferred to the Navajo Tribe pursuant to this section are canceled because of such transfer. Such compensation shall be determined in accordance with the standard prescribed by the Act of July 9, 1942, as amended (43 U. S. C. 315q). Such compensation shall be paid from appropriations available for the construction of the Glen Canyon unit, Colorado River storage project.

The rights herein transferred shall not extend to the utilization of the lands hereinafter described under the heading "parcel B" for public recreational facilities without the approval of the Navajo Tribal Council. No permit, lease, license, or other right covering the exploration for or extraction of the minerals herein reserved to the tribe shall be granted or exercised by or on behalf of the tribe except under such conditions and with such restrictions, limitations, or stipulations as the Secretary deems appropriate, in connection with the Glen Canyon unit, to protect the interests of the United States and of its grantees, licensees, transferees, and permittees, and their heirs and assigns. Subject to the mineral rights herein reserved to the tribe as aforesaid, the Secretary may dispose of lots in townsites established on the lands transferred under this section, together with improvements thereon, under such terms and conditions as he determines to be appropriate, including provisions for payment for the furnishing of municipal facilities and services while such facilities and services are provided by the United States and for the establishment of liens in connection therewith, but no disposition shall be at less than the current fair market value, and he may dedicate portions of lands in such townsites, whether or not improved, for public purposes and transfer the land so dedicated to appropriate State or local public bodies and nonprofit corporations. He may also enter into contracts with State or local public bodies and nonprofit corporations whereby either party may undertake to render to the other such services in aid of the performance of activities and functions of a municipal, governmental, or public or quasi-public nature as will, in the Secretary's judgment, contribute substantially to the efficiency or ⊥the economy of the operations of the Department of the Interior in connection with the Glen Canyon unit.

However, all conveyances made pursuant to this subsection, whether by the United States or by the State of Utah, shall contain a reservation of ⊥the minerals to the ⊥1690 grantor. Lands conveyed to the United States under this section shall be subject to selection by the Secretary of the Interior, and transfer to, the Navajo Tribe in the same manner as, and under the same terms and conditions as, lands described in subsection (c) of section 1 of this Act. If a claim of title so asserted by the Navajo Tribe determined to be superior to the title asserted by the State of Utah, and if the Navajo Tribe has selected such lands as a part of the transfer authorized by section 1 of this Act, the Navajo

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That when a majority of the adult members of the Catawba Indian Tribe of South Carolina, according to the most reliable information regarding membership that is available to the Secretary of the Interior, have indicated their agreement to a division of the tribal assets in accordance with the provisions of this Act, the Secretary shall publish in the Federal Register a notice of that fact. The membership roll of the Catawba Indian Tribe of South Carolina shall thereupon be closed as of midnight of the date of such notice, and no child born thereafter shall be eligible for enrollment. The Secretary of the Interior with advice and assistance of the tribe shall prepare a final roll of the members of the tribe who are living at such time, and when so doing shall provide a reasonable opportunity for any person to protest against the inclusion or omission of any name on or from the roll. SEC. 2. Each member whose name appears on the final roll of the tribe as published in the Federal Register shall be entitled to receive an approximately equal share of the tribe's assets that are held in trust by the United States in accordance with the provisions of this Act. This right shall constitute personal property which may be inherited or bequeathed, but it shall not otherwise be subject to alienation or encumbrance.

Distribution.

SEC. 3. The tribe's assets shall be distributed in accordance with the following provisions:

(a) If the State of South Carolina by legislation authorizes assets that are held by the State in trust for the tribe to be included in the distribution plan prepared by the Secretary in accordance with the provisions of this Act, they may be included.

(b) A The tribal council shall designate any part of the tribe's land that is to be set aside for church, park, playground, or cemetery purposes and the Secretary is authorized to convey such tracts to trustees or agencies designated by the tribal council for that purpose and approved by the Secretary.

(c) The remaining tribal assets shall be appraised by the Secretary and the share of each member shall be determined by dividing the total number of enrolled members into the total appraisal. The tribal

⊥assets so appraised shall not include any improvements that were placed on the part of an assignment that is selected by an assignee, or his wife or children, pursuant to subsection (d) of this section. Such improvements shall be property of the assignee.

(d) Subject to the provisions of this subsection, each member who is an adult under the laws of the State and who has an assignment shall be given the option of selecting and receiving title to any part of his assignment that has an appraised value not in excess of his share of the tribe's assets. A wife, husband, or child of such adult member may select and receive title to any part of such assignment that has an appraised value not in excess of her or his share of the tribe's assets; and, if the child is a minor under the laws of the State, the option on his behalf may be exercised by such adult member. Each selection shall be subject to the approval of the Secretary of the Interior, who shall consider the effect of the selection on the total value of the property. The title to any part of an assignment so selected may be taken in the name of the person entitled thereto, or the title to all of

the parts of an assignment so selected may be taken in the names of the persons entitled thereto as tenants in common.

(e) Each member who has no assignment may select and receive title to any part of the tribal land that is not selected pursuant to subsection (d) of this section and that has an appraised value not in excess of his share of the tribe's assets.

(f) All assets of the tribe that are not selected and conveyed to members pursuant to subsections (d) and (e) of this section shall be sold and the proceeds distributed to the members in accordance with their respective interests. Such sales shall be by competitive bid and any member shall have the right to purchase property offered for sale for a price not less than the highest acceptable bid therefor. If more than one member exercises such right, the property shall be sold to the member exercising the right who offers the highest price. Any tribal assets that are not sold by the Secretary within two years from the date of the notice provided for in section 1 of this Act shall be conveyed to a trustee selected by the Secretary for disposition in accordance with this subsection, and the fees and expenses of such trustee shall be paid out of funds appropriated for the purposes of this Act.

Nothing in this Act, however, shall affect the status of such persons as citizens of the United States.

Education program

SEC. 8. Prior to the revocation of the tribal constitution provided for in this Act, the Secretary is authorized to undertake, within the limits of available appropriations, a special program of education and training designed to help the members of the tribe to earn a livelihood, to conduct their own affairs, and to assume their responsibilities as citizens without special services because of their status as Indians. Such program may include language training, orientation in non-Indian community customs and living standards, vocational training and related subjects, transportation to the place of training or instruction, and subsistence during the course of training or instruction. For the purposes of such program the Secretary is authorized to enter into contracts or agreements with any Federal, State, or local governmental agency, corporation, association, or persons. September 21, 1959
[H. R. 8587]
73 Stat. 602

To provide for the equalization of allotments on the Agua Caliente (Palm Springs) Reservation in California, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of the Interior (hereinafter called the "Secretary") is authorized and directed to do whatever is necessary and proper to equalize as nearly as possible the values of all allotments of land on the Agua Caliente (Palm Springs) Reservation in California in accordance with the provisions of this Act.

Agua Caliente Reservation, Calif.
Allotments, equalization

SEC. 2. Any member of the Agua Caliente Band (hereinafter called the "band") who is living on the date of the enactment of this Act and who has not received an allotment of land shall be given an allotment in accordance with the provisions of law existing prior to this Act. No further allotments of land shall thereafter be made to any other or future born members of the band, or to their heirs or devisees, except for the purpose of equalization. This prohibition against further allotments shall not be construed as a closing of the band's membership rolls.

SEC. 3. (a) The Secretary shall determine on the basis of the contract appraisals that were made in 1957 and 1958 (1) the value of all unallotted tribal land, and (2) the value of the allotment of each allottee who is living on the date of this Act, excluding the value of any improvements thereon. Where lands of a living allottee have been sold under the supervision of the Secretary, their values for the purpose of equalization shall be the amount received from such sale, excluding the value assigned to any improvements thereon. Where lands of a living allottee have been fee patented to and sold by the allottee, their value for the purpose of equalization shall be the appraised value of the lands, excluding improvements, as of the time ⊥of the sale, regardless of the amount received from the sale. The ⊥603 allotments of allottees who are not living on the date of this Act shall be excluded from the equalization program. All values so determined by the Secretary shall be final and conclusive for the purposes of this Act.

Land values

(b) In no event shall the following tribal lands be subject to allotment, and they shall henceforth be set apart and designated as tribal reserves for the benefit and use of the band:

Cemetery numbered 1, block 235, section 14, township 4 south, range 4 east.

Cemetery numbered 2, as now constituted pursuant to secretarial order, comprising approximately two acres.

Roman Catholic Church, as now constituted pursuant to secretarial order, comprising approximately two acres.

Mineral Springs, lots 3a, 4a, 13, and 14, section 14, township 4 south, range 4 east: *Provided,* That no distribution to member of the band of the net rents, profits, and other revenues derived from that portion of these lands which is designated as "parcel B" in the supplement dated September 8, 1958, to the lease by and between the Agua Caliente Band of Mission Indians and Palm Springs Spa dated January 21, 1958, or of the net income derived from the investment of such net rents, profits, and other revenues or from the sale of said lands or of assets purchased with the net rents, profits, and other revenues aforesaid or with the net income from the investment thereof shall be made except to those enrolled members who are entitled to an equalization allotment or to a cash payment in satisfaction thereof under this Act or, in the case of such a member who died after the enactment of this Act, to those entitled to participate in his estate, and any such distribution shall be per capita to living enrolled members and per stirpes to participants in the estate of a deceased member.

San Andreas Canyon, west half southeast quarter, southeast quarter southeast quarter section 3, township 5 south, range 4 east.

Palm Canyon, south half and south half north half section 14,

township 5 south, range 4 east; all section 24, township 5 south, range 4 east.

Tahquitz Canyon, southwest quarter section 22, township 4 south, range 4 east; north half section 28, township 4 south, range 4 east.

Murray Canyon, east half section 10, township 5 south, range 4 east.

(c) On the basis of such values, the Secretary shall determine the highest level of equalization that is feasible for the members of the band who are living at the time of this Act by allotting all of the unallotted tribal land, except the reserved areas listed in subsection (b) of this section, without regard to acreage limitations heretofore imposed by law. Such unallotted tribal land shall then be allotted to those members who have received allotments with a value that is less than the equalization figure deemed feasible in accordance with procedures prescribed by the Secretary. No selection of an allotment pursuant to such procedures shall create a vested right in the land until all selections authorized by this Act have been made, included in one schedule, and approved by the Secretary. Allotments thereafter made shall be subject to the same laws and regulations that apply to other trust allotments on the Agua Caliente Reservation.

(d) The unallotted portions of section 18, township 4 south, range 5 east, and section 12, township 4 south, range 4 east, that are in the municipal airport for the city of Palm Springs shall be subject to allotment as a part of the equalization program, subject to the following qualifications: If within thirty days after the date of this Act a majority of the adult members of the band who are eligible to vote agree, the Secretary may offer to sell such land to the city for its ⊥appraised value on the date of this Act, and the Secretary shall cause an independent appraisal thereof to be made by an appraiser he shall select who shall be approved jointly by the band and the city before proceeding with such appraisal, the costs for the appraisal to be shared by the band and the city; thereafter the Secretary shall review the completed appraisal and shall, if approved, then submit copies to both the band and the city for their approval which shall be either accepted or rejected in writing within thirty days; and if within three hundred and sixty-five days after joint acceptance of such appraisal by the band and the city, the city accepts the offer and tenders payment in full, the Secretary shall complete the sale, and any allottees who may have made or who may thereafter make an equalization selection from the lands sold to the city shall receive in lieu of the allotment selected his proportionate share of the proceeds of the sale.

Sale of land.

⊥604

Appointment of guardians.

SEC. 4. The Secretary shall request the appointment of a guardian of the estate of all minor allottees and for those adult allottees who in his judgment are in need of assistance in handling their affairs in accordance with applicable State laws before making any equalization allotment or payment to such persons.

Tax exemption.

SEC. 5. (a) The right to an equalization allotment or to a cash payment in lieu thereof pursuant to section 3, subsection (d), of this Act, shall be transferable by will or descent in the same manner as are trust payments under existing law and shall not be subject to State or Federal inheritance, estate, legacy, or succession taxes.

(b) A cash payment made in lieu of an equalization allotment pursuant to section 3, subsection (d), of this Act shall not be regarded as income or capital gain for purposes of Federal or State income taxation and shall not, as long as it remains in the form of cash or a bank deposit in the ownership of the allottee, be subject to taxation as personal property.

Attachments or levies.

SEC. 6. (a) Equalization allotments made pursuant to this Act shall not be subject to assignment, sale, or hypothecation or to any attachment or levy for claims or debts created before or after the effective date of this Act, without the written approval of the Secretary, and

any such assignment, sale, hypothecation, attachment, or levy that has not been so approved by the Secretary shall be absolutely null and void.

(b) No equalization allotment made pursuant to this Act, and no basic allotment made prior to this Act, shall be subject to an equitable charging lien or other charge or lien or enforced sale for any advantage or benefit which the allottee has received or will receive under or as a consequence of enactment of this Act, nor shall any lis pendens heretofore or hereafter filed upon such lands while in a restricted status be of any effect or constitute notice of any action. Whoever directly or indirectly accepts or receives any money or other form of compensation for legal services in connection with such restricted lands from any person who has not expressly employed him as his attorney shall be liable, in a civil action brought by the payor or his heirs or devisees or by the United States on his behalf, for twice the amount so accepted or received unless, prior to the time of acceptance or receipt of said compensation, the right to such compensation has been determined and the amount thereof fixed by a formal order of the Federal court having jurisdiction to make such order. Nothing herein provided shall be construed to prevent any attorney from petitioning the Federal court having jurisdiction to fix and determine the fees to which he is entitled and to pursue and enforce payment thereof in any lawful manner after the court has made such order. Legal services, etc.

⊥SEC. 7. Allotments in accordance with the provisions of this Act shall be deemed complete and full equalization of allotments on the Agua Caliente Reservation. ⊥605

SEC. 8. The band may, at any time it wishes to do so, organize a legal entity under the laws of the State of California and request the Secretary to transfer to such legal entity title to the lands in the reserves established by subsection 3(b) of this Act. The Secretary shall transfer an unrestricted title to such property if the organization of the legal entity and request for the transfer have been approved by a majority of the adult members of the band who are eligible to vote, and if in the judgment of the Secretary the legal entity is organized in a form and manner that is fair to all members of the band: *Provided, however,* That if the lands to which the proviso to the fourth item in subsection 3(b) of this Act is applicable are transferred to such an entity, they shall be held by it subject to the terms provided in said proviso, and the rights and duties therein set forth shall be preserved and reflected in any distribution of securities of, or other evidences of participation in, said entity. AN ACT

To establish an effective program to alleviate conditions of substantial and persistent unemployment and underemployment in certain economically distressed areas.

Area Redevelopment Act

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Area Redevelopment Act".

DECLARATION OF PURPOSE

SEC. 2. The Congress declares that the maintenance of the national economy at a high level is vital to the best interests of the United States, but that some of our communities are suffering substantial and persistent unemployment and underemployment; that such unemployment and underemployment cause hardship to many individuals and their families and detract from the national welfare by wasting vital human resources; that to overcome this problem the Federal Government, in cooperation with the States, should help areas of substantial and persistent unemployment and underemployment to take effective steps in planning and financing their economic redevelopment; that Federal assistance to communities, industries, enterprises, and individuals in areas needing redevelopment should

148

enable such areas to ⊥achieve lasting improvement and enhance the domestic prosperity by the establishment of stable and diversified local economies and improved local living conditions; and that under the provisions of this Act new employment opportunities should be created by developing and expanding new and existing facilities and resources rather than be merely transferring jobs from one area of the United States to another.

AREA REDEVELOPMENT ADMINISTRATOR

SEC. 3. There shall be appointed by the President, by and with the advice and consent of the Senate, an Area Redevelopment Administrator in the Department of Commerce who shall receive compensation at a rate equal to that received by Assistant Secretaries of Commerce. The Administrator shall perform such duties in the execution of this Act as the Secretary of Commerce (hereinafter referred to as the "Secretary") may assign.

ADVISORY POLICY BOARD

SEC. 4. (a) To advise the Secretary in the performance of functions authorized by this Act, there is created an Area Redevelopment Advisory Policy Board (hereinafter referred to as the "Board"), which shall consist of the following members, all ex officio: the Secretary as Chairman; the Secretaries of Agriculture; Health, Education, and Welfare; Interior; Labor; and Treasury; and the Administrators of the Housing and Home Finance Agency and the Small Business Administration. The Chairman may from time to time invite the participation of officials of other agencies of the executive branch interested in the functions herein authorized. Each member of the Board may desig-

nate an officer of his agency to act for him as a member of the Board with respect to any matter there considered.

National Public Advisory Committee on Area Redevelopment

(b) The Secretary shall appoint a National Public Advisory Committee on Area Redevelopment which shall consist of twenty-five members and shall be composed of representatives of labor, management, agriculture, State and local governments, and the public in general. From the members appointed to such Committee the Secretary shall designate a Chairman. Such Committee, or any duly established subcommittee thereof, shall from time to time make recommendations to the Secretary relative to the carrying out of his duties under this Act. Such Committee shall hold not less than two meetings during each calendar year.

(c) The Secretary is authorized from time to time to call together and confer with any persons, including representatives of labor, management, agriculture, and government, who can assist in meeting the problems of unemployment or underemployment in the several areas designated by the Secretary as redevelopment areas.

REDEVELOPMENT AREAS

Standards

SEC. 5. (a) The Secretary shall designate as "redevelopment areas" those areas within the United States in which he determines, upon the basis of standards generally comparable with those set forth in paragraphs (1) and (2), that there has existed substantial and persistent unemployment for an extended period of time. There shall be included among the areas so designated any area—

149

⊥(1) where the Secretary of Labor finds that the rate of unemployment, excluding unemployment due primarily to temporary or seasonal factors, is currently 6 per centum or more and has averaged at least 6 per centum for the qualifying time periods specified in paragraph (2); and

(2) where the Secretary of Labor finds that the annual average rate of unemployment has been at least—

(A) 50 per centum above the national average for three of the preceding four calendar years, or

(B) 75 per centum above the national average for two of the preceding three calendar years, or

(C) 100 per centum above the national average for one of the preceding two calendar years.

The Secretary of Labor shall find the facts and provide the data to be used by the Secretary in making the determinations required by this subsection.

(b) The Secretary shall also designate as "redevelopment areas" those areas (including Indian reservations) within the United States which do not meet the requirements set forth in subsection (a) but which he determines are among the highest in numbers and percentages of low-income families, and in which there exists a condition of substantial and persistent unemployment or underemployment. In making the designations under this subsection and before extending any financial assistance as the result of designations under this subsection, the Secretary shall, by regulation, prescribe detailed standards upon which the designations under this subsection shall be based. In the formulation of such standards the Secretary shall consider, among other relevant factors, the number of low-income farm families in the various rural areas of the United States, the proportion that such low-income families are of the total farm families of each of such areas, the relationship of the income levels of the families in each such area to the general levels of income in the United States, the extent to which "rural development" projects have previously been located in any such area under programs administered by the Department of Agriculture, the current and prospective

employment opportunities in each such area, the availability of manpower in each such area for supplemental employment, the extent of migration out of the area, and the proportion of the population of each such area which has been receiving public assistance from the Federal Government or from the State or States in which such area is located or from any municipality therein. In making the designations under this subsection, the Secretary shall endeavor to distribute the projects widely among the several States, so far as is feasible and proper, in order that actual experience with this program may be had in as many States and in as many areas and under as many different circumstances as possible. In making these determinations the Secretary shall be guided, but not conclusively governed, by pertinent studies made, and information and data collected or compiled, by (1) departments, agencies, and instrumentalities of the Federal Government, (2) State and local governments, (3) universities and land-grant colleges, and (4) private organizations.

Studies.

(c) Upon the request of the Secretary, the Secretary of Labor, the Secretary of Agriculture, the Secretary of the Interior, and such other heads of agencies as may be appropriate are authorized to conduct ⊥such special studies, obtain such information, and compile and furnish to the Secretary such data as the Secretary may deem necessary or proper to enable him to make the determinations provided for in subsection (b) of this section. The Secretary shall reimburse when appropriate, out of any funds appropriated to carry out the purposes of this Act, the foregoing officers for any expenditures incurred by them under this section.

⊥50

(d) As used in this Act, the term "redevelopment area" refers to any area within the United States which has been designated by the Secretary as a redevelopment area.

"Redevelopment area."

LOANS AND PARTICIPATIONS

SEC. 6. (a) The Secretary is authorized to purchase evidences of indebtedness and to make loans (which for purposes of this section shall include participations in loans) to aid in financing any project within a redevelopment area for the purchase or development of land and facilities (including, in cases of demonstrated need, machinery and equipment) for industrial or commercial usage, including the construction of new buildings, the rehabilitation of abandoned or unoccupied buildings, and the alteration, conversion, or enlargement of existing buildings. Such financial assistance shall not be extended (1) for working capital, or (2) to assist establishments relocating from one area to another. The limitation set forth in clause (2) shall not be construed to prohibit assistance for the expansion of an existing business entity through the establishment of a new branch, affiliate, or subsidiary of such entity if the Secretary finds that the establishment of such branch, affiliate, or subsidiary will not result in an increase in unemployment in the area of original location or in any other area where such entity conducts business operations, unless the Secretary has reason to believe that such branch, affiliate, or subsidiary is being established with the intention of closing down the operations of the existing business entity in the area of its original location or in any other area where it conducts such operations.

Limitations.

(b) Financial assistance under this section shall be on such terms and conditions as the Secretary determines, subject, however, to the following restrictions and limitations:

(1) The total amount of loans (including purchased evidences of indebtedness) outstanding at any one time under this section (A) with respect to projects in redevelopment areas designated under section 5 (a) shall not exceed $100,000,000 and (B) with respect to projects in redevelopment areas designated under section 5 (b) shall not exceed $100,000,000.

(2) Such assistance shall be extended only to applicants, both private and public (including Indian tribes), which have been approved for such assistance by an agency or instrumentality of the State or political subdivision thereof in which the project to be financed is located, and which agency or instrumentality is directly concerned with problems of economic development in such State or subdivision.

(3) The project for which financial assistance is sought must be reasonably calculated to provide more than a temporary ⊥alleviation ⊥151 of unemployment or underemployment within the redevelopment area wherein it is, or will be, located.

(4) No such assistance shall be extended hereunder unless the financial assistance applied for is not otherwise available from private lenders or other Federal agencies on reasonable terms.

(5) The Secretary shall not make any loan without a participation unless he determines that the loan cannot be made on a participation basis.

(6) No evidences of indebtedness shall be purchased and no loans shall be made unless it is determined that there is a reasonable assurance of repayment.

(7) Subject to section 12 (5) of this Act, no loan, including renewals or extension thereof, may be made hereunder for a period exceeding twenty-five years and no evidences of indebtedness maturing more than twenty-five years from date of purchase may be purchased hereunder: *Provided,* That the foregoing restrictions on maturities shall not apply to securities or obligations received by the Secretary as a claimant in bankruptcy or equitable reorganization or as a creditor in other proceedings attendant upon insolvency of the obligor. Maximum loan period

(8) Loans made and evidences of indebtedness purchased under this section shall bear interest at a rate equal to the rate of interest paid by the Secretary on funds obtained from the Secretary of the Treasury as provided in section 9 (a) of this Act, plus one-half of 1 per centum per annum to cover administrative expenses and to provide for losses on loans made and evidences of indebtedness purchased under this section.

(9) Such assistance shall not exceed 65 per centum of the aggregate cost to the applicant (excluding all other Federal aid in connection with the undertaking) of acquiring or developing land and facilities (including, in cases of demonstrated need, machinery and equipment), and of constructing, altering, converting, rehabilitating, or enlarging the building or buildings of the particular project, and shall, among others, be on the condition that—

(A) other funds are available in the amount which, together with the assistance provided hereunder, shall be sufficient to pay such aggregate cost;

(B) not less than 10 per centum of such aggregate cost be supplied by the State or any agency, instrumentality, or political subdivision thereof, or by an Indian tribe or a community or area organization which is nongovernmental in character, as equity capital or as a loan repayable only after the Federal financial assistance extended under this section has been repaid in full according to the terms thereof and, if such a loan is secured, its security shall be subordinate and inferior to the lien or liens securing such Federal financial assistance;

(C) in extending financial assistance under this section with respect to a redevelopment area, the Secretary shall require that not less than 5 per centum of the aggregate cost ⊥of the project for which such assistance is extended shall be ⊥152

supplied by nongovernmental sources as equity capital or as a loan repayable only after the Federal financial assistance extended under this section has been repaid in full according to the terms thereof and, if such a loan is secured, its security shall be subordinate and inferior to the lien or liens securing such Federal financial assistance; and

(D) to the extent the Secretary finds such action necessary to encourage financial participation in a particular project by other lenders and investors, and except as otherwise provided in subparagraphs (B) and (C), any Federal financial assistance extended under this section may be repayable only after other loans made in connection with such project have been repaid in full, and the security, if any, for such Federal financial assistance may be subordinate and inferior to the lien or liens securing other loans made in connection with the same project.

(10) No such assistance shall be extended unless there shall be submitted to and approved by the Secretary an overall program for the economic development of the area and a finding by the State, or any agency, instrumentality, or local political subdivision thereof, that the project for which financial assistance is sought is consistent with such program: *Provided,* That nothing in this Act shall authorize financial assistance for any project prohibited by laws of the State or local political subdivision in which the project would be located.

LOANS FOR PUBLIC FACILITIES

Conditions for loans.

SEC. 7. (a) Upon the application of any State, or political subdivision thereof, Indian tribe, or private or public nonprofit organization or association representing any redevelopment area or part thereof, the Secretary is authorized to make loans to assist in financing the purchase or development of land for public facility usage, and the construction, rehabilitation, alteration, expansion, or improvement of public facilities, within a redevelopment area, if he finds that—

(1) the project for which financial assistance is sought will tend to improve the opportunities, in the redevelopment area where such project is or will be located, for the successful establishment or expansion of industrial or commercial plants or facilities which will provide more than a temporary alleviation of unemployment or underemployment in such area;

(2) the funds requested for such project are not otherwise available on reasonable terms;

(3) the amount of the loan plus the amount of other available funds for such project are adequate to insure the completion thereof;

(4) there is a reasonable expectation of repayment; and

(5) such area has an approved economic development program as provided in section 6 (b) (10) and the project for which financial assistance is sought is consistent with such program.

(b) Subject to section 12 (5), the maturity date of any such loan shall be not later than forty years after the date such loan is made. Any such loan shall bear interest at a rate equal to the rate of interest paid by the Secretary on funds obtained from the Secretary of the Treasury as provided in section 9 (a) of this Act, plus one-quarter of 1 per centum per annum.

Limitation.

(c) The total amount of loans outstanding at any one time under this section shall not exceed $100,000,000.

153

⊥(d) No financial assistance shall be extended under this section with respect to any public facility which would compete with an existing privately owned public utility rendering a service to the

public at rates or charges subject to regulation by a State regulatory body, unless the State regulatory body determines that in the area to be served by the public facility for which the financial assistance is to be extended there is a need for an increase in such service (taking into consideration reasonably foreseeable future needs) which the existing public utility is not able to meet through its existing facilities or through an expansion which it agrees to undertake.

GRANTS FOR PUBLIC FACILITIES

SEC. 8. (a) Upon the application of any State, or political subdivision thereof, Indian tribe, or private or public nonprofit organization or association representing any redevelopment area or part thereof, the Secretary is authorized to make grants for land acquisition or development for public facility usage, and the construction, rehabilitation, alteration, expansion, or improvement of public facilities, within a redevelopment area, if he finds that— Conditions for grants

(1) the project for which financial assistance is sought will tend to improve the opportunities, in the redevelopment area where such project is or will be located, for the successful establishment or expansion of industrial or commercial plants or facilities which will provide more than a temporary alleviation of unemployment or underemployment in such area;

(2) the entity requesting the grant proposes to contribute to the cost of the project for which such grant is requested in proportion to its ability so to contribute;

(3) the project for which a grant is requested will fulfill a pressing need of the area, or part thereof, in which it is, or will be, located, and there is little probability that such project can be undertaken without the assistance of a grant under this section; and

(4) the area for which a project is to be undertaken has an approved economic development program as provided in section 6 (b) (10) and such project is consistent with such program.

The amount of any grant under this section for any such project shall not exceed the difference between the funds which can be practicably obtained from other sources (including a loan under section 7 of this Act) for such project, and the amount which is necessary to insure the completion thereof.

(b) The Secretary shall by regulation provide for the supervision of projects with respect to which grants are made under this section so as to insure that Federal funds are not wasted or dissipated. Supervision.

(c) No financial assistance shall be extended under this section with respect to any public facility which would compete with an existing privately owned public utility rendering a service to the public at rates or charges subject to regulation by a State regulatory body, unless the State regulatory body determines that in the area to be served by the public facility for which the financial assistance is to be extended there is a need for an increase in such service (taking into consideration reasonably foreseeable future needs) which the existing public utility is not able to meet through its existing facilities or through an expansion which it agrees to undertake.

(d) There is hereby authorized to be appropriated not to exceed $75,000,000 for the purpose of making grants under this section. Appropriation.

SEC. 5. The Secretary may delegate any of the functions authorized by this Act to the Administrator of General Services.

Definitions.

SEC. 6. (a) For the purposes of this Act—

(1) The term "Secretary" means the Secretary of the Interior.

(2) The term "small domestic producer" means any person or firm engaged in producing ores or concentrates from mines located within the United States or its possessions and in selling the material so produced in normal commercial channels who, during any twelve-month period between January 1, 1956, and the first day of the period for which he seeks payments under this Act, has not produced or sold ores or concentrates the recoverable content of which is more than three thousand tons of lead and zinc combined, recoverable content being computed as 95 per centum of the lead content of the ores or concentrates and 85 per centum of the zinc content of the ores or concentrates.

(3) The term "sale" means a bona fide transfer for value of ores and concentrates from a producer to a processing plant. In the event that a producer further processes ores or concentrates, a sale shall be deemed to have occurred when such ores or concentrates are shipped to the processing plant.

(4) The term "newly mined" means domestic material processed into concentrates or severed from the land subsequent to the date of enactment of this Act, but shall not exclude normal inventories of crude ore. The term does not refer to material recovered from mine dumps, mill tailings, or from smelter slags and residues derived from material mined prior to the date of enactment of this Act.

(5) The term "quarter" means the calendar periods commencing on the first day of the months of January, April, July, and October.

(b) For the purposes of this Act, the Secretary may determine what

constitutes a single operating unit producing ores and, in the event that more than one producer claims payment for sales from production of a single operating unit, the Secretary may determine the quantity of sales for each such producer to which the above limitations apply.

(c) For purposes of this Act, sales of concentrates produced from ores sold to a mill or processing plant in accordance with regulations issued pursuant to this Act shall not be considered as the sales of the owner of the mill, but shall be considered as the sales of the small domestic producer of the ores.

SEC. 7. No payment shall be made under this Act on any ores or concentrates sold, or processed in lieu of sale, after December 31, 1965; but authorized payment shall be made only if application therefor is filed not later than March 31, 1966, in accordance with regulations established by the Secretary.

SEC. 8. The Secretary shall make an annual report with respect to operations under this Act not later than March 1 of each year to the Congress of the United States. Any such report shall contain such recommendations as the Secretary may deem appropriate. Report to Congress.

SEC. 9. (a) Whoever, for the purpose of procuring a payment to which he is not entitled under this Act and the regulations issued pursuant thereto or for the purpose of assisting another to procure a payment to which the other is not entitled under this Act and the regulations issued pursuant thereto, misrepresents any material fact, knowing the same to be false, fictitious, or fraudulent, shall be guilty of an offense against the United States and shall be fined not more than $5,000 or imprisoned not more than two years, or both, and shall thenceforth be entitled to no benefits under this Act.

⊥(b) Whoever accepts a payment under this Act to which, or any portion of which, he is not entitled, knowing that he is not entitled thereto or whoever, having accepted a payment under this Act to which, or any portion of which, he is not entitled, retains the same, knowing that he is not entitled thereto, shall be required, in a civil action instituted by the Attorney General, to refund treble the amount accepted or retained by him. The acceptance or retention of any payment as aforesaid shall also constitute an offense against the United States punishable by a fine of not more than $5,000 or imprisonment for not more than two years, or both, and any person who shall be convicted of such offense shall thenceforth be entitled to no benefits under this Act. ⊥1769

(c) No producer shall be eligible for payment under this Act if he is operating under a lease, contract, or permit obtained after the effective date of this Act from another producer of lead and zinc who has placed a larger portion of his mining properties under lease, contract, or permit to other producers than he had placed at his highest production level since January 1, 1956, to the effective date of this Act.

(g) the Secretary is hereby authorized to construct the tunnel and conduit works of the initial stage of the San Juan-Chama project with sufficient capacity for future diversion of an average of two hundred and thirty-five thousand acre-feet per annum: *Provided, however*, That nothing contained in this Act shall be construed as committing the Congress of the United States to future authorization of any additional stage of the San Juan-Chama project.

SEC. 9. For the period ending ten years after completion of construction of the initial stage of the San Juan-Chama project no water from the project shall be delivered to any water user for the production on newly irrigated lands of any basic agricultural commodity, as defined in section 408(c) of the Agricultural Act of 1949 (63 Stat. 1056, 7 U.S.C. 1428), or any amendment thereof, if the total supply of such commodity for the marketing year in which the bulk of the crop would normally be marketed is in excess of the normal supply as defined in section 301(b)(10) of the Agricultural Adjustment Act of 1938 (52 Stat. 41), amended (7 U.S.C. 1281), unless the Secretary of Agriculture calls for an increase in production of such commodity in the interest of national security.

GENERAL

SEC. 11. (a) No person shall have or be entitled to have the use for any purpose, including uses under the Navajo Indian irrigation project and the San Juan-Chama project authorized by section 2 and 8 of this Act, of water stored in Navajo Reservoir or of any other waters of the San Juan River and its tributaries originating above Navajo Reservoir to the use of which the United States is entitled under these

Contracts

projects except under contract satisfactory to the Secretary and conforming to the provisions of this Act. Such contracts, which, in the case of water for Indian uses, shall be executed with the Navajo Tribe, shall make provision, in any year in which the Secretary anticipates a shortage, taking into account both prospective runoff originating above Navajo Reservoir and the available water in storage in Navajo Reservoir, for a sharing of the available water in the following manner: The prospective runoff shall be apportioned between the contractors diverting above those diverting at or below Navajo Reservoir in the proportion that the total normal diversion requirement of each group bears to the total of all normal diversion requirements. In the case of contractors diverting above Navajo Reservoir, each such contract shall provide for a sharing of the runoff apportioned to said group in the same proportion as the normal diversion requirement under said contract bears to the total normal diversion requirements of all such contracts that have been made hereunder: *Provided*, That for any year in which the foregoing sharing procedure either would apportion to any contractor diverting above Navajo Reservoir an amount in excess of the runoff anticipated to be physically available at the point of his diversion, or would result in no water being available to one or more such contractors, the runoff apportioned to said group shall be reapportioned, as near as may be, among the contractors diverting above Navajo Reservoir in the proportion that the normal diversion requirements of each bears to the total normal diversion requirements of the group. In the case of contractors diverting from or below Navajo Reservoir, each such contract shall provide for a sharing of the remaining runoff together with the available storage in the same proportion as the normal diversion requirement under said contract bears to the total normal diversion requirements under all such contracts that have been made hereunder.

The Secretary shall not enter into contracts for a total amount of water beyond that which, in his judgment, in the event of shortage, will result in a reasonable amount being available for the diversion requirements for the Navajo Indian irrigation project and the initial stage of the San Juan-Chama project as specified in section 2 and 8 of this Act.

No long-term contract, except contracts for the benefit of the lands and for the purposes specified in sections 2 and 8 of this Act, shall be entered into for the delivery of water stored in Navajo Reservoir or of any other waters of the San Juan River and its tributaries, as aforesaid, until the Secretary has determined by hydrologic investigations that sufficient water to fulfill said contract is reasonably likely to be available for use in the State of New Mexico during the term thereof under the allocations made in articles III and XIV of the Upper Colorado River Basin compact, and has submitted such determination to the Congress of the United States and the Congress has approved such contracts: *Provided*, That nothing contained in the foregoing shall be construed to forbid the Secretary from entering into temporary water supply contracts in the San Juan River Basin for any year in which he determines that water legally available for use in the upper basin of the Colorado River system would otherwise not be used there and is not needed to fulfill the obligations of the upper division States with respect to delivery of water at Lee Ferry.

(b) If contracts are entered into for delivery from storage in Navajo Reservoir of water not covered by subsection (a) of this section, such contracts shall be subject to the same provision for sharing of available water supply in the event of shortage as in the case of contracts required to be made pursuant to subparagraph (a) of this section.

Limitations.

(c) This section shall not be applicable to the water requirements of the existing Fruitland, Hogback, Cudai, and Cambridge Indian irriga-

tion projects, nor to the water required in connection with the extension of the irrigated acreages of the Fruitland and Hogback Indian irrigation projects in a total amount of approximately eleven thousand acres.

SEC. 12. (a) None of the project works or structures authorized by this Act shall be so operated as to create, implement, or satisfy any ⊥preferential right in the United States or any Indian tribe to the ⊥101
water impounded, diverted, or used by means of such project works or structures, other than contained in those rights to the uses of water granted to the States of New Mexico or Arizona pursuant to the provisions of the Upper Colorado River Basin compact.

(b) The projects authorized by this Act shall be so operated that no waters shall be diverted or used by means of the project works, which, together with all other waters used or diverted from the San Juan River Basin in New Mexico, will exceed the water available to the States of New Mexico and Arizona under the allocation contained in article III of the Upper Colorado River Basin compact for any water year.

SEC. 13. SEC. 2. Each member whose name appears on the final roll of the tribe as published in the Federal Register shall be entitled to receive in accordance with the provisions of this Act an equal share of the tribe's assets that are held in trust by the United States. SEC. 11. Notwithstanding any other provision of law, for the purposes of (1) providing substitute land for individual Indians who owned land within the taking area of the Fort Randall or Big Bend projects, (2) consolidating landholdings, and (3) eliminating fractionated heirship interests within the reservation, the Secretary of the Interior is authorized to purchase, with funds made available by such individual Indians or by the tribe, land or interests in land, and to sell tribal land upon request of the tribe, but no service charge shall be made by the United States. The land selected by and purchased for individual Indians may be either inside or outside the boundaries of the reservation. Title to any land or interests in land acquired within the boundaries of the reservation shall be taken in the name of the United States in trust for the tribe or the individual Indian for whom the land is acquired, and title to any land or interests in land acquired outside the boundaries of the reservation shall be taken in the name of the individual for whom it is acquired: *Provided*, That title to lands outside the exterior boundaries of the reservation acquired by the tribe shall be taken in the name of the tribe subject to a restriction against alienation without the consent of the Secretary of the Interior, but shall not be exempt from taxation.

Purchase and sale of land

For the purposes of this section, the Secretary of the Interior is authorized to partition or sell individual owned lands in which all interests are held in trust or restricted status (1) upon the request of the owners of not less than a 25 per centum interest in such land where ten persons or more own or claim interests in the land, or (2) upon the request of the owners of not less than a 50 per centum interest in such land where fewer than ten persons own or claim interests in the land. For the purpose of this section, the Secretary of the Interior may represent any Indian owner who is a minor or who is under any other legal disability, and the Secretary, after first giving reasonable notice by publication of the proposed sale, is authorized to represent any Indian owner or claimant who cannot be located after reasonable and diligent search. Sales of all Indian trust or restricted interests in land shall be in accordance with the following procedure:

Partition or sale of individually owned lands.

(a) Upon receipt of requests from the required ownership interests, the Secretary shall notify the tribe and each owner of an undivided Indian interest in the land by a letter directed to his last known address that each such owner and the tribe has a right to purchase the land for its appraised value, unless one of the owners objects within ⊥the time fixed by the Secretary, or for a lower price if all of the owners agree, and that if more than one owner or if one owner and the tribe wants to purchase the land it will be sold on the basis of sealed competitive bids restricted to the owners of undivided interests in the land and the tribe.

Procedure

⊥1702

(b) If no Indian owner of an undivided interest in the land elects to purchase the land within the time fixed by the Secretary, and the tribe owns no interest in the land, the Secretary shall offer to sell the land at its appraised value to the tribe, unless one of the Indian owners or his authorized representative objects within the time fixed by the Secretary to a sale to the tribe at the appraised value.

(c) If any Indian owner or his authorized representative objects to a sale to the tribe at the appraised value, the Secretary shall offer the land for sale by sealed competitive bid with a preferential right in the tribe or any Indian owner to meet the high bid, unless one of the Indian owners or his authorized representative objects within the time fixed by the Secretary to the grant of such preferential right. All bids shall be rejected if no bid substantially equal to the appraised value is received.

(d) If any Indian owner or his authorized representative objects to a sale by sealed competitive bid with a preferential right to meet the high bid, the Secretary shall offer the land for sale by sealed bids without such preferential right: *Provided*, That, if at any time before sealed bids are invited the tribe or one of the Indian owners asks that the land be sold at auction, then after notice to all interested parties, including the tribe, the land shall be sold at auction immediately after the opening of the sealed bids and auction bidding shall be limited to the Indian owners, the tribe, and persons who submitted sealed bids in amounts not less than 75 per centum of the appraised value of the land. The highest sealed bid shall be considered the opening auction bid. No sale shall be made unless the price is equal to the highest sealed bid and substantially equal to the appraised value.

Sale at auction

(e) The Secretary may, when he deems it in the best interests of the Indian owners, obtain a power of attorney from the owner of a non-Indian interest in the land to be sold authorizing the Secretary to sell and convey the interest of the non-Indian owner in accordance with any part of the procedure provided in this section.

Power of attorney

SEC. 12. The Secretary of the Treasury, upon certification by the Secretary of the Interior, shall reimburse the tribe for fees and expenses incurred in connection with the taking of Indian lands within the reservation for the Big Bend project: *Provided*, That such reimbursable fees and expenses shall not exceed in the aggregate, $75,000: *Provided further*, That attorney fees shall be paid under the terms of a contract approved by the Secretary of the Interior.

Fees and expenses.

SEC. 13. (a) Any individual Indian who has been duly tendered payment in accordance with the schedules prepared pursuant to section 2 (b) of this Act, shall have the right to reject the sum tendered by filing a notice of rejection with the Chief of Engineers, United States Army, Washington, District of Columbia, or with the superintendent of the Pierre Indian Agency, Pierre, South Dakota, within one year from the date of enactment of this Act or within ninety days after the tender is made, whichever date is later. For the purpose of this section, the Secretary of the Interior and the tribe are authorized to represent any Indian entitled to payment who is a minor, or under any other legal disability, or who cannot be located after a reasonable and diligent search, and any person who is an undetermined heir or devisee of a deceased Indian.

Notice of rejection.

(b) If the land of any Indian rejecting payment is included in condemnation proceedings heretofore instituted, the court in those proceedings shall proceed to determine the just compensation to which ⊥the individual is entitled and, if the land is not included in such condemnation proceedings, jurisdiction is hereby conferred upon the United States District Court for the District of South Dakota to determine just compensation in accordance with procedures applicable to the determination of just compensation in condemnation proceedings. No court or statutory costs, but all other costs and expenses,

including attorney's fees, shall be at the contesting individual's expense. Suit may be brought on behalf of any individual rejecting payment within one year after the date of the rejection. If a notice of rejection of the tender of payment is filed, at least 10 per centum of the tender deposited in the individual Indian money account shall be withheld from disbursement pending a final determination under this subsection.

Offset or counterclaims

SEC. 14. No part of any expenditure made by the United States under any of the provisions of this Act shall be charged by the United States as an offset or counterclaim against any tribal claim against the United States which has arisen prior to the date of enactment of this Act. The payment of Sioux benefits as provided for in section 17 of the Act of March 2, 1889 (25 Stat. 888), as amended, shall be continued under the provisions of section 14 of the Indian Reorganization Act of June 18, 1934 (48 Stat. 984), on the basis now in operation without regard to the loss of tribal land within the taking area for the Big Bend project.

October 24, 1962
[H. J. Res. 489]
76 Stat. 1246

Whereas the population of the golden eagle has declined at such an alarming rate that it is now threatened with extinction; and

Whereas the golden eagle should be preserved because of its value to agriculture in the control of rodents; and

Whereas protection of the golden eagle will afford greater protection for the bald eagle, the national symbol of the United States of America, because the bald eagle is often killed by persons mistaking it for the golden eagle: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the first two sections of the Act of June 8, 1940 (54 Stat. 250, as amended; 16 U. S. C. 668, 668a), are hereby amended to read as follows: "Whoever, within the United States or any place subject to the jurisdiction thereof, without being permitted to do so as hereinafter provided, shall take, possess, sell, purchase, barter, offer to sell, purchase or barter, transport, export or import, at any time or in any manner, any bald eagle commonly known as the American eagle, or any golden eagle, alive or dead, or any part, nest, or egg thereof of the foregoing eagles, shall be fined not more than $500 or imprisoned not more than six months, or both: *Provided,* That nothing herein shall be construed to prohibit possession or transportation of any bald eagle, alive or dead, or any part, nest, or egg thereof, lawfully taken prior to June 8, 1940, and that nothing herein shall be construed to prohibit possession or transportation of any golden eagle, alive or dead, or any part, nest, or egg thereof, lawfully taken prior to the addition to this Act of the provisions relating to preservation of the golden eagle. Golden eagle, protection.

"SEC. 2. Whenever, after investigation, the Secretary of the Interior shall determine that it is compatible with the preservation of the bald eagle or the golden eagle to permit the taking, possession, and transportation of specimens thereof for the scientific or exhibition purposes of public museums, scientific societies, and zoological parks, or for the religious purposes of Indian tribes, or that it is necessary to permit the taking of such eagles for the protection of wildlife or of agricultural or other interests in any particular locality, he may authorize the taking of such eagles pursuant to regulations which he is hereby authorized to prescribe: *Provided,* That on request of the Governor of any State, the Secretary of the Interior shall authorize the taking of golden eagles for the purpose of seasonally protecting domesticated flocks and herds in such State, in accordance with regulations established under the provisions of this section, in such part or parts of such State and for such periods as the Secretary Regulations, authorization.

determines to be necessary to protect such interests: *Provided further*, That bald eagles may not be taken for any purpose unless, prior to such taking, a permit to do so is procured from the Secretary of the Interior."

Sales of timber under this subsection shall be based upon a consideration of the needs and best interests of the Indian owner and his heirs. The Secretary shall take into consideration, among other things, (1) the state of growth of the timber and the need for maintaining the productive capacity of the land for the benefit of the owner and his heirs, (2) the highest and best use of the land, including the advisability and practicality of devoting it to other uses for the benefit of the owner and his heirs, and (3) the present and future financial needs of the owner and his heirs.

"(c) Upon the request of the owner of an undivided but unrestricted interest in land in which there are trust or restricted Indian interests, the Secretary of the Interior is authorized to include such unrestricted interest in a sale of the trust or restricted Indian interests in timber sold pursuant to this section, and to perform any functions required of him by the contract of sale for both the restricted and the unrestricted interests, including the collection and disbursement of payments for timber and the deduction from such payments of sums in lieu of administrative expenses.

Unrestricted interests.

"(d) For the purposes of this Act, the Secretary of the Interior is authorized to represent any Indian owner (1) who is a minor, (2) who has been adjudicated non compos mentis, (3) whose ownership interest in a decedent's estate has not been determined, or (4) who cannot be located by the Secretary after a reasonable and diligent search and the giving of notice by publication.

Representation of minors and others.

"(e) The timber on any Indian land held under a trust or other patent containing restrictions on alienations may be sold by the Secretary of the Interior without the consent of the owners when in his judgment such action is necessary to prevent loss of values resulting from fire, insects, disease, windthrow, or other natural catastrophes.

To authorize payment for certain interests in lands within the Allegany Indian Reservation in New York, required by the United States for the Allegheny River (Kinzua Dam) project, to provide for the relocation, rehabilitation, social and economic development of the members of the Seneca Nation, and for other purposes.

Allegheny Indian Reservation, N. Y.
Seneca Nation, payments.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That in furtherance of the Allegheny Reservoir project authorized by the Flood Control Acts of June 28, 1938 (52 Stat. 1215), August 18, 1941 (55 Stat. 638), and December 22, 1944 (58 Stat. 889), payment shall be made as hereinafter set forth in this Act to the Seneca Nation and to the individual Seneca Indians for such easements, interests in land and other property within the Allegany Indian Reservation, more particularly described in section 14 of this Act, as have been taken for the construction, operation, and maintenance of said project.

SEC. 2. In consideration for the interests in land acquired as set forth in section 1 of this Act, the United States will pay, out of funds available for the Allegheny Reservoir project, and in accordance with the provisions of section 3 hereof—

(a) to the Seneca Nation, the amount of $666,285, as full compensation for the direct damages (including surface severance damages, but excluding damages caused by the increased expense of developing or otherwise exploiting the subsurface resources retained by the nation under section 6) to lands within the Allegany Indian Reservation caused by the acquisition of interests therein by the United States;

(b) to the Seneca Nation, the sum of $100,000, as full compensation for the damages caused by the increased expense of developing or otherwise exploiting the oil and gas subsurface resources retained by the nation under section 6 of this Act: *Provided, however,* That the Seneca Nation shall have the right, in the condemnation proceedings instituted by the United States in the United States District Court for the Western District of New York, to seek an additional sum as just compensation due the nation for damages to the sand and gravel resources within the Allegany Indian Reservation caused by the acquisition of interests in land therein by the United States: *Provided further,* That in the event the Seneca Nation seeks such additional compensation, the district court under section 1358, title 28, United States Code, shall have jurisdiction to determine the just compensation due to the nation for said damages. 62 Stat. 935.

(c) The payments authorized by section 2(c) of this Act shall be made directly to individual Seneca Indians in accordance with a schedule of property owners within the taking area prepared by the Secretary of the Army, after certification by the Seneca Nation. 1741

SEC. 9. The Seneca Nation shall have the right to use and occupy the taking area of the Allegheny Reservoir project within the Allegany Reservation for all purposes not inconsistent with the interests in land acquired by the United States as set forth in section 1 of this Act, including, but not limited to, the right to lease such lands for farming and grazing purposes to members or nonmembers of the nation, the power to dispose of all minerals reserved under section 6 of this Act, the right to hunt and fish on such lands, and to license hunting and fishing by nonmembers of the nation and the right to regulate access to the shoreline of the reservoir: *Provided,* That public access to the shoreline shall be provided and no charge shall be made to the public therefor: *And provided further,* That the use by the public of the water areas of the Allegheny Reservoir project shall be

SEC. 11. (a) Any individual Seneca Indian who accepts the payment tendered to him pursuant to section 3(a) shall be deemed to waive and release any further claims, rights, or demands in his own name arising out of the taking of interests in land as set forth in section 1 of this Act. Any individual Seneca Indian who accepts the payment tendered to him pursuant to section 3(c) shall be deemed to waive and release any further claims, rights, or demands in his own name arising out of the taking of houses, barns, fences, wells, and other structures and improvements under this Act.

(b) Any individual Seneca Indian who has been duly tendered payment in accordance with the schedules prepared pursuant to section 3 (a) and (c) of this Act shall have the right to reject either or both of the sums so tendered by filing a notice of rejection with the Seneca Nation, Salamanca, New York, the district engineer, United States Army Engineer District, Pittsburgh, Pennsylvania, and the United States attorney for the western district of New York, Buffalo, New York, within ninety days after the tender is made.

(c) For the purposes of this section, the Secretary of the Interior is authorized to represent any individual Seneca Indian entitled to payment who is a minor, or under any other legal disability, or who cannot be located after a reasonable and diligent search.

Compensation determined by court

SEC. 12. (a) Any individual Seneca Indian who, pursuant to section 11 (b) of this Act, rejects a sum tendered in payment under section 3 (a) or (c), or both, shall have the right to litigate the issue of just compensation in the United States District Court for the Western District of New York. The court shall, except as otherwise expressly provided herein, determine just compensation in accordance with the ⊥laws and procedures applicable to the determination of just compensation in condemnation proceedings in the Federal courts. No court or statutory costs, but all other costs and expenses, including attorney's fees, shall be at the contesting individual's expense.

(b) Where the sum rejected by an individual Seneca Indian has been tendered under section 3 (a) of this Act, and the United States has instituted condemnation proceedings, the Seneca Nation within sixty days shall deposit in court the total amount paid to it pursuant to section 2 (a), less any credit given the United States under section 2 (e), for the interests in land acquired by the United States which are the subject of the contesting individual's claims. Any excess of the sum so deposited over the amount finally determined as just compensation for the interests in land, if any, of the contesting individual shall be paid back to the Seneca Nation. If the amount finally determined as just compensation for all interests in land acquired by the United States which are the subject of the contesting individual's claim exceeds the sum deposited by the Seneca Nation, the difference shall be paid into court by the United States, and the total amount so paid and deposited shall be distributed as directed by the court.

(c) Where the sum rejected by an individual Seneca Indian has been tendered under section 3 (c) of this Act, and the issue of just compensation is litigated, the United States shall not assert as a defense that any interest in the property is owned by the Seneca Nation.

(d) For the purposes of this section, any individual Seneca Indian eligible to file suit, who is a minor or under any other legal disability, shall be represented by his legal guardian or, if no guardian has been appointed, by an attorney appointed by the Court.

Land acquisition for relocation purposes.

SEC. 13. The Secretary of the Interior is hereby authorized, with the funds provided under section 3 of this Act, to purchase or to acquire through condemnation proceedings lands, and interests in lands, within the Allegany Reservation, for the relocation of houses and community facilities or for recreational, commercial, or industrial development. Any lands or interests in lands so acquired shall have the same legal status as other lands within the reservation.

Land descriptions; recording.

SEC. 14. The interests in land required for the Allegheny Reservoir project within the Allegany Indian Reservation are generally identified and delineated on a map entitled "Allegheny River Basin, Allegheny Reservoir, New York, General Map". Detailed legal description of the lands shown thereon, together with tract maps, are or shall be filed in condemnation proceedings which have been instituted by the United States in the United States District Court for the Western District of New York for the acquisition of easements, interests in land, and other property within the Allegany Indian Reservation. The estates taken shall be as specifically set forth in the complaints filed in said proceedings, except insofar as the court may determine that the condemnation by the United States of any easement, interest in land, or other property identified therein for the construction of a limited access highway to be made a part of the New York State Southern Tier Expressway has not been authorized, in which event said estate shall not be taken. Copies of the final decree and other appropriate papers in said condemnation proceedings setting forth legal descriptions of the lands and the estates taken, together with identifying tract maps, shall be filed among the land records of the Bureau of Indian Affairs in Washington, District of Columbia, and recorded in the office of the county clerk of Cattaraugus County, New York. A true and correct copy of said papers shall be furnished by the Secretary of the Army without cost to the Seneca Nation.

⊥1743

⊥SEC. 15. Upon a determination by the Secretary of the Army that all or part of the interests in land acquired as set forth in section 1 of this Act no longer are necessary for the purposes of the Allegheny Reservoir project, all right, title, and interests in such lands shall thereupon vest in the Seneca Nation.

SEC. 16. No part of any expenditures made by the United States under any of the provisions of this Act shall be charged by the United States as an offset or counterclaim against any claim of the Seneca Nation against the United States other than claims arising out of the acquisition of interests in land for the Allegheny Reservoir project.

Tax exemption.

SEC. 17. All funds authorized by this Act paid to the Seneca Nation and individual Seneca Indians shall be exempt from all forms of State and Federal income taxes.

Federal supervision; withdrawal.

SEC. 18. Except as specifically required to carry out the provisions of this Act, the Department of the Interior shall not enlarge the services which it is now in fact rendering to, or the supervision which it is now in fact exercising over the property and affairs of, the Seneca Nation and its members pursuant to the laws of the United States relating to Indians and Indian tribes. The Secretary of the Interior shall, after consultation with the Seneca Nation, submit to the Congress a plan for complete withdrawal of Federal supervision over the property and affairs of the Nation and its members. Said plan shall be submitted within three years from the effective date of this Act.

AN ACT

To provide an adequate basis for administration of the Lake Mead National Recreation Area, Arizona and Nevada, and for other purposes.

Lake Mead National Recreation Area Administration

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That, in recognition of the national significance of the Lake Mead National Recreation Area, in the States of Arizona and Nevada, and in order to establish a more adequate basis for effective administration of such area for the public benefit, the Secretary of the Interior hereafter may exercise the functions and carry out the activities prescribed by this Act.

Boundaries

SEC. 2. Lake Mead National Recreation Area shall comprise that particular land and water area which is shown on a certain map, identified as "boundary map, RA-LM-7060-B, revised July 17, 1963", which is on file and which shall be available for public inspection in

the office of the National Park Service of the Department of the Interior. An exact copy of such map shall be filed with the Federal Register within thirty days following the approval of this Act, and an exact copy thereof shall be available also for public inspection in the headquarters office of the superintendent of the said Lake Mead National Recreation Area.

Filing with Federal Register

The Secretary of the Interior is authorized to revise the boundaries of such national recreation area, subject to the requirement that the total acreage of that area, as revised, shall be no greater than the present acreage thereof. In the event of such boundary revision, maps of the recreation area, as revised, shall be prepared by the Department of the Interior, and shall be filed in the same manner, and shall be available for public inspection also in accordance with the aforesaid procedures and requirements relating to the filing and availability of maps. The Secretary may accept donations of land and interests in land within the exterior boundaries of such area, or such property may be procured by the Secretary in such manner as he shall consider to be in the public interest.

Boundary revision

Donations of land

In exercising his authority to acquire property by exchange, the Secretary may accept title to any non-Federal property located within the boundaries of the recreation area and convey to the grantor of such property any federally owned property under the jurisdiction of the Secretary, notwithstanding any other provision of law. The properties so exchanged shall be approximately equal in fair market value: *Provided*, That the Secretary may accept cash from or pay cash to the grantor in such an exchange in order to equalize the values of the properties exchanged.

Property acquisition

Establishment or revision of the boundaries of the said national recreation area, as herein prescribed, shall not affect adversely any valid rights in the area, nor shall it affect the validity of withdrawals heretofore made for reclamation or power purposes. All lands in the recreation area which have been withdrawn or acquired by the United States for reclamation purposes shall remain subject to the primary use thereof for reclamation and power purposes so long as they are withdrawn or needed for such purposes. There shall be excluded from the said national recreation area by the Secretary of the Interior any property for management or protection by the Bureau of Reclamation, which would be subject otherwise to inclusion in the said recreation area, and which the Secretary of the Interior considers in the national interest should be excluded therefrom.

Property exclusion

SEC. 3. The authorities granted by this Act shall be subject to the following exceptions and qualifications when exercised with respect ⊥to any tribal or allotted lands of the Hualapai Indians that may be included within the exterior boundaries of the Lake Mead National Recreation Area:

Hualapai Indian lands

⊥1040

(a) The inclusion of Indian lands within the exterior boundaries of the area shall not be effective until approved by the Hualapai Tribal Council.

(b) Mineral developments or use of the Indian lands shall be permitted only in accordance with the laws that relate to Indian lands.

(c) Leases and permits for general recreational use, business sites, home sites, vacation cabin sites, and grazing shall be executed in accordance with laws relating to leases of Indian lands, provided that all development and improvement leases so granted shall conform to the development program and standards prescribed for the Lake Mead National Recreation Area.

(d) Nothing in this Act shall deprive the members of the Hualapai Tribe of hunting and fishing privileges presently exercised by them, nor diminish those rights and privileges of that part of the reservation which is included in the Lake Mead Recreation Area.

Recreational purposes.

SEC. 4. (a) Lake Mead National Recreation Area shall be administered by the Secretary of the Interior for general purposes of public recreation, benefit, and use, and in a manner that will preserve, develop, and enhance, so far as practicable, the recreation potential, and in a manner that will preserve the scenic, historic, scientific, and other important features of the area, consistently with applicable reservations and limitations relating to such area and with other authorized uses of the lands and properties within such area.

Activities.

(b) In carrying out the functions prescribed by this Act, in addition to other related activities that may be permitted hereunder, the Secretary may provide for the following activities, subject to such limitations, conditions, or regulations as he may prescribe, and to such extent as will not be inconsistent with either the recreational use or the primary use of that portion of the area heretofore withdrawn for reclamation purposes:

(1) General recreation use, such as bathing, boating, camping, and picnicking;

(2) Grazing;

(3) Mineral leasing;

(4) Vacation cabin site use, in accordance with existing policies of the Department of the Interior relating to such use, or as such policies may be revised hereafter by the Secretary.

Hunting, fishing, trapping.

SEC. 5. The Secretary of the Interior shall permit hunting, fishing, and trapping on the lands and waters under his jurisdiction within the recreation area in accordance with the applicable laws and regulations of the United States and the respective States: *Provided,* That the Secretary, after consultation with the respective State fish and game commissions, may issue regulations designating zones where and establishing periods when no hunting, fishing, or trapping shall be permitted for reasons of public safety, administration, or public use and enjoyment.

Regulations.

SEC. 6. Such national recreation area shall continue to be administered in accordance with regulations heretofore issued by the Secretary of the Interior relating to such areas, and the Secretary may revise such regulations or issue new regulations to carry out the purposes of this Act. In his administration and regulation of the area, the Secretary shall exercise authority, subject to the provisions and limitations of this Act, comparable to his general administrative authority relating to areas of the national park system.

⊥1041
Arrests.

⊥The superintendent, caretakers, officers, or rangers of such recreation area are authorized to make arrests for violation of any of the regulations applicable to the area or prescribed pursuant to this Act, and they may bring the offender before the nearest commissioner, judge, or court of the United States having jurisdiction in the premises.

Violations.

Any person who violates a rule or regulation issued pursuant to this Act shall be guilty of a misdemeanor, and may be punished by a fine of not more than $500, or by imprisonment not exceeding six months, or by both such fine and imprisonment.

Jurisdiction.

SEC. 7. Nothing in this Act shall deprive any State, or any political subdivision thereof, of its civil and criminal jurisdiction over the lands within the said national recreation area, or of its rights to tax persons, corporations, franchises, or property on the lands included in such area. Nothing in this Act shall modify or otherwise affect the existing jurisdiction of the Hualapai Tribe or alter the status of individual Hualapai Indians within that part of the Hualapai Indian Reservation included in said Lake Mead National Recreation Area.

Revenues and fees.

SEC. 8. Revenues and fees obtained by the United States from operation of the national recreation area shall be subject to the same statutory provisions concerning the disposition thereof as are similar revenues collected in areas of the national park system with the

exception, that those particular revenues and fees including those from mineral developments, which the Secretary of the Interior finds are reasonably attributable to Indian lands shall be paid to the Indian owner of the land, and with the further exception that other fees and revenues obtained from mineral development and from activities under other public land laws within the recreation area shall be disposed of in accordance with the provisions of the applicable laws.

Mohave County, Ariz. Appointment of commissioner

SEC. 9. A United States commissioner shall be appointed for that portion of the Lake Mead National Recreation Area that is situated in Mohave County, Arizona. Such commissioner shall be appointed by the United States district court having jurisdiction thereover, and the commissioner shall serve as directed by such court, as well as pursuant to, and within the limits of, the authority of said court.

The functions of such commissioner shall include the trial and sentencing of persons committing petty offenses, as defined in title 18, section 1, United States Code: *Provided*, That any person charged with a petty offense may elect to be tried in the district court of the United States, and the commissioner shall apprise the defendant of his right to make such election, but shall not proceed to try the case unless the defendant, after being so apprised, signs a written consent to be tried before the commissioner. The exercise of additional functions by the commissioner shall be consistent with and be carried out in accordance with the authority, laws, and regulations, of general application to United States commissioners. The provisions of title 18, section 3402, of the United States Code, and the rules of procedure and practice prescribed by the Supreme Court pursuant thereto, shall apply to all cases handled by such commissioner. The probation laws shall be applicable to persons tried by the commissioner and he shall have power to grant probation. The commissioner shall receive the fees, and none other, provided by law for like or similar services.

79 Stat. 110

To authorize the Secretary of the Interior to designate the Nez Perce National Historical Park in the State of Idaho, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That it is the purpose of this Act to facilitate protection and provide interpretation of sites in the Nez Perce country of Idaho that have exceptional value in commemorating the history of the Nation.

Nez Perce National Historical Park, Idaho, designation

SEC. 2. To implement this purpose the Secretary of the Interior may designate as the Nez Perce National Historical Park various component sites in Federal and non-Federal ownership relating to the early Nez Perce culture, the Lewis and Clark Expedition through the area, the fur trade, missionaries, gold mining and logging, the Nez Perce war of 1877, and such other sites as he finds will depict the role of the Nez Perce country in the westward expansion of the Nation.

Acquisition of lands.

SEC. 3. The Secretary of the Interior may acquire by donation or with donated funds such lands, or interests therein, and other property which in his judgment will further the purpose of this Act and he may purchase with appropriated funds land, or interests therein, required for the administration of the Nez Perce National Historical Park: *Provided*, That he may purchase no more than one thousand five hundred acres in fee, and no more than one thousand five hundred acres in scenic easements. The Nez Perce Tribe's governing body, if it so desires, with the approval of the Secretary of the Interior, is authorized to sell, donate, or exchange tribal-owned lands held in trust needed to further purpose of this Act.

Tribal-owned lands

Inclusion of Indian trust land and Federal ownership sites

SEC. 4. (a) Indian trust land may be designated by the Secretary of the Interior for inclusion in the Nez Perce National Historical Park with the concurrence of the beneficial owner. Sites in Federal ownership under the administrative jurisdiction of other Government agencies may likewise be designated by the Secretary of the Interior for inclusion in the Nez Perce National Historical Park with the concurrence of the agency having administrative responsibility therefor, but such designation shall effect no transfer of administrative control unless the administering agency consents thereto. Not more than one thousand and five hundred acres overall shall be designated pursuant to the foregoing provisions of this subsection. The Secretary of the Interior may cooperate with the Nez Perce Tribe or the administering agency, as the case may be, in research into and interpretation of the significance of any site so designated and in providing desirable interpretive services and facilities and other facilities required for public access to and use and enjoyment of the site and in conservation of the scenic and other resources thereof.

Cooperative agreements with property owners

(b) The Secretary of the Interior may enter into cooperative agreements with the owners of property which, under the provisions of this

Act, may be designated for inclusion in Nez Perce National Historical Park as sites in non-Federal ownership, and he may assist in the preservation, renewal, and interpretation of the properties, provided the cooperative agreements shall contain, but not be limited to, provisions that: (1) the Secretary has right of access at all reasonable times to all public portions of the property for the purpose of conducting visitors through the property and interpreting it to the public, and (2) no changes or alterations shall be made in the properties, including buildings and grounds, without the written consent of the Secretary.

Administration.

SEC. 5. When the Secretary of the Interior determines that he has acquired title to, or interest in, sufficient properties or determines that [1]he has entered into appropriate cooperative agreements with owners of non-Federal properties, or any combination thereof including the designation of sites already in Federal ownership, he shall by publication in the Federal Register establish the Nez Perce National Historical Park and thereafter administer the Federal property under his administrative jurisdiction in accordance with the Act of August 25, 1916 (39 Stat. 535; 16 U. S. C. 1 et seq.), as amended and supplemented.

Publication in Federal Register

Cooperative agreements with the State of Idaho, etc.

SEC. 6. (a) In order to carry out the purpose of this Act the Secretary of the Interior may contract and make cooperative agreements with the State of Idaho, its political subdivisions or agencies, corporations, associations, the Nez Perce Tribe, or individuals, to protect, preserve, maintain, or operate any site, object, or property included within the Nez Perce National Historical Park, regardless of whether title thereto is in the United States: *Provided*, That no contract or cooperative agreement shall be made or entered into which will obligate the general fund of the Treasury unless or until Congress has appropriated money for such purposes.

Markers.

(b) To facilitate the interpretation of the Nez Perce country the Secretary is authorized to erect and maintain tablets or markers in accordance with the provisions contained in the Act approved August 21, 1935, entitled "An Act to provide for the preservation of historic American sites, buildings, objects, and antiquities of national significance, and for other purposes" (49 Stat. 666).

16 U. S. C. 461–467.

Appropriation.

SEC. 7. There are hereby authorized to be appropriated the sums of not more than $630,000 for the acquisition of lands and interests in land and not more than $1,337,000 for construction, restoration work, and other improvements at the Nez Perce National Historical Park under this Act.

"(c) In carrying out the purposes of this part the Secretary may make grants to, or enter into agreements with, public or private agencies or organizations (including Indian tribes with respect to Indians on a reservation), except that no such grant or agreement shall be made to or with a private employer for profit or with a private nonprofit employer not organized for a public purpose for purposes of the work experience program established by clause (2) of subsection (b).

"(d) Using funds appropriated under this part, the Secretary, in order to carry out the purposes of this part, shall utilize his authority under the Manpower Development and Training Act of 1962, the Act of June 6, 1933, as amended (48 Stat. 113), and other Acts, to the extent such authority is not inconsistent with this Act.

C. 602 suitable person referred to him under section 402 which shall describe the education, training, work experience, and orientation which it is determined that each such person needs to complete in order to enable him to become self-supporting.

"(c) The Secretary shall make maximum use of services available from other Federal and State agencies and, to the extent not otherwise available on a nonreimbursable basis, he may reimburse such agencies for services rendered to persons under this part.

"(d) To the extent practicable and where necessary, work incentive programs established by this part shall include, in addition to the regular counseling, testing, and referral available through the Federal-State Employment Service System, program orientation, basic education, training in communications and employability skills, work experience, institutional training, on-the-job training, job development, and special job placement and followup services, required to assist participants in securing and retaining employment and securing possibilities for advancement.

"(e) (1) In order to develop special work projects under the program established by section 432(b)(3), the Secretary shall enter into agreements with (A) public agencies, (B) private nonprofit organizations 1886 established to serve a public purpose, and (c) Indian tribes ⊥with respect to Indians on a reservation, under which individuals deemed suitable for participation in such a program will be provided work which serves a useful public purpose and which would not otherwise be performed by regular employees.

AN ACT

August 8, 1968
[H. R. 9098]
82 Stat. 663

To revise the boundaries of the Badlands National Monument in the State of South Dakota, to authorize exchanges of land mutually beneficial to the Oglala Sioux Tribe and the United States, and for other purposes.

Badlands National Monument, S. Dak. Boundary revision.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That, in order to include lands of outstanding scenic and scientific character in the Badlands National Monument, the boundaries of the monument are revised as generally depicted on the map entitled "Badlands National Monument", numbered NM-BL-7021B, dated August 1967, which is on file and available for public inspection in the offices of the National Park Service, Department of the Interior. The Secretary of the Interior may make minor adjustments in the boundaries, but the total acreage in the monument may not exceed the acreage within the boundaries depicted on the map referred to herein. Lands within the boundaries of the monument that are acquired by the United States shall be subject to the laws and regulations applicable to the monument.

SEC. 2. (a) Subject to the provisions of subsection (b) hereof, the Secretary of the Interior may, within the boundaries of the monument, acquire lands and interests in lands by donation, purchase with donated or appropriated funds, or exchange, except that any lands or interests in lands owned by the State of South Dakota, a political subdivision thereof, or the Oglala Sioux Tribe of South Dakota may be acquired only with the consent of owner. Notwithstanding any other provision of law, lands and interests in lands located within the monument under the administrative jurisdiction of any other Federal

agency may be transferred to the administrative jurisdiction of the Secretary without a transfer of funds.

(b) As to lands located within the boundaries of the monument but outside the boundaries of the gunnery range referred to in section 3 hereof, the Secretary of the Interior may acquire only rights-of-way and scenic easements.

Pine Ridge Sioux Indian Reservation, land exchange.

SEC. 3. Inasmuch as (A) most of the lands added to the Badlands National Monument by section 1 of this Act are inside the boundaries of the Pine Ridge Sioux Indian Reservation, (B) such lands are also within a tract of land forty-three miles long and twelve and one-half miles wide which is in the northwestern part of such Indian reservation and has been used by the United States Air Force as a gunnery range since the early part of World War II, (C) the tribal lands within such gunnery range were leased by the Federal Government and the other lands within such gunnery range were purchased by the Federal Government from the individual owners (mostly Indians), (D) the Department of the Air Force has declared most of such gunnery range lands excess to its needs and such excess lands have been requested by the National Park Service under the Federal Property and Administrative Services Act of 1949, (E) the leased tribal lands and the excess lands within the enlarged Badlands National Monument are needed for the monument, (F) the other excess lands in such gunnery range should be restored to the former Indian owners of such lands, and (G) the tribe is unwilling to sell its tribal lands for inclusion in the national monument, but is willing to exchange them or interests therein for the excess gunnery range lands, which, insofar as the lands within the gunnery range formerly held by the tribe are concerned, should be returned to Indian ownership in any event, the Congress hereby finds that such exchange would be in the national interest and authorizes the following actions:

63 Stat. 377.
40 U.S.C. 471 note.

⊥664

⊥(a) All Federal lands and interests in lands within the Badlands Air Force gunnery range that are outside the boundaries of the monument and that heretofore or hereafter are declared excess to the needs of the Department of the Air Force shall be transferred to the administrative jurisdiction of the Secretary of the Interior without a transfer of funds.

Purchase, terms and conditions.

(b) Any former Indian or non-Indian owner of a tract of such land, whether title was held in trust or fee, may purchase such tract from the Secretary of the Interior under the following terms and conditions:

(1) The purchase price to a former Indian owner shall be the total amount paid by the United States to acquire such tract and all interests therein, plus interest thereon from the date of acquisition at a rate determined by the Secretary of the Treasury taking into consideration the average market yield of all outstanding marketable obligations of the United States at the time the tract was acquired by the United States, adjusted to the nearest one-eighth of 1 per centum. The purchase price to a former non-Indian owner shall be the present fair market value of the tract as determined by the Secretary of the Interior.

(2) Not less than $100 or 20 per centum of the purchase price, whichever is less, shall be paid at the time of purchase, and the balance shall be payable in not to exceed 20 years with interest at a rate determined by the Secretary of the Treasury taking into account the current average market yield on outstanding marketable obligations of the United States with twenty years remaining to date of maturity, adjusted to the nearest one-eighth of 1 per centum.

(3) Title to the tract purchased shall be held in trust for the purchaser if it was held in trust status at the time the tract was acquired by the United States; otherwise, the title to the tract

purchased shall be conveyed to the purchaser subject to a mortgage and such other security instruments as the Secretary deems appropriate. If a tract purchased under this subsection is offered for resale during the following ten-year period, the tribe must be given the first right to purchase it.

(4) The unpaid balance of the purchase price shall be a lien against the land if the title is held in trust and against all rents, bonuses, and royalties received therefrom. In the event of default in the payment of any installment of the purchase price the Secretary may take such action to enforce the lien as he deems appropriate, including foreclosure and conveyance of the land to the Oglala Sioux Tribe.

Publication in Federal Register

(5) An application to purchase the tract must be filed with the Secretary of the Interior within one year from the date a notice is published in the Federal Register that the tract has been transferred to the jurisdiction of the Secretary.

(6) No application may be filed by more than five of the former owners of an interest in the tract. If more than one such application is filed for a tract the applicants must agree on not more than five of the former owners who shall make the purchase, and failing such agreement all such applications for the tract shall be rejected by the Secretary.

"Former owner."

(7) "Former owner" means, for the purposes of subsection (b) of this section, each person from whom the United States acquired an interest in the tract, or if such person is deceased, his spouse, or if such spouse is deceased, his children.

(b) Any former Indian owner of land that is within the Badlands Air Force gunnery range and outside the boundaries of the monument and that has not been declared excess to the needs of the Department of the Air Force on the date of the enactment of this Act may, within the period specified in section 3 (b) (5), elect (i) to purchase an available tract of land described in section 4 (a) of substantially the same value, or (ii) to purchase the tract formerly owned by him at such time as such tract is declared excess and transferred to the Secretary of the Interior as provided in section 3 (a).

(c) Any former Indian owner of a tract of land within the boundaries of the monument that was acquired by the United States for the Badlands Air Force gunnery range, and that is transferred to the Secretary of the Interior pursuant to section 2 of this Act, may, within the period specified in section 3 (b) (5), elect (i) to acquire from the Secretary of the Interior a life estate in such tract at no cost, subject to restrictions on use that may be prescribed in regulations applicable to the monument, or (ii) to purchase an available tract of land described in section 4 (a) of substantially the same value.

The United States and the Oglala Sioux Tribe shall reserve all mineral rights in the lands so conveyed. To authorize the construction, operation, and maintenance of the Colorado River Basin project, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

TITLE I—COLORADO RIVER BASIN PROJECT: OBJECTIVES

Colorado River Basin Project Act

SEC. 101. That this Act may be cited as the "Colorado River Basin Project Act".

1886

SEC. 102. (a) It is the object of this Act to provide a program for the further comprehensive development of the water resources of the Colorado River Basin and for the provision of additional and adequate water supplies for use in the upper as well as in the lower Colorado River Basin. This program is declared to be for the purposes, among others, of regulating the flow of the Colorado River; controlling floods; improving navigation; providing for the storage and delivery of the waters of the Colorado River for reclamation of lands, including supplemental water supplies, and for municipal, industrial, and other beneficial purposes; improving water quality; providing for basic public outdoor recreation facilities; improving conditions for fish and wildlife, and the generation and sale of electrical power as an incident of the foregoing purposes.

(b) It is the policy of the Congress that the Secretary of the Interior (hereinafter referred to as the "Secretary") shall continue to develop, after consultation with affected States and appropriate Federal agencies, a regional water plan, consistent with the provisions of this Act and with future authorizations, to serve as the framework under which projects in the Colorado River Basin may be coordinated and constructed with proper timing to the end that an adequate supply of water may be made available for such projects, whether heretofore, herein, or hereafter authorized.

TITLE III—AUTHORIZED UNITS: PROTECTION OF EXISTING USES

1887

SEC. 301. (a) For the purposes of furnishing irrigation water and municipal water supplies to the water-deficient areas of Arizona and western New Mexico through direct diversion or exchange of water, control of floods, conservation and development of fish and wildlife resources, enhancement of recreation opportunities, and for other purposes, the Secretary shall construct, operate, and maintain the Central Arizona Project, consisting of the following principal works: (1) a system of main conduits and canals, including a main canal and pumping plants (Granite Reef aqueduct and pumping plants), for diverting and carrying water from Lake Havasu to Orme Dam or suitable alternative, which system may have a capacity of 3,000 cubic feet per second or whatever lesser capacity is found to be feasible: *Provided*, That any capacity in the Granite Reef aqueduct in excess of 2,500 cubic feet per second shall be utilized for the conveyance of Colorado River water only when Lake Powell is full or releases of

1888 water are made from Lake ⊥Powell to prevent the reservoir from exceeding elevation 3,700 feet above mean sea level or when releases are made pursuant to the proviso in section 602 (a) (3) of this Act: *Provided further*, That the costs of providing any capacity in excess of 2,500 cubic feet per second shall be repaid by those funds available to Arizona pursuant to the provision of subsection 403 (f) of this Act, or by funds from sources other than the development fund; (2) Orme Dam and Reservoir and power-pumping plant or suitable alternative; (3) Buttes Dam and Reservoir, which shall be so operated as not to prejudice the rights of any user in and to the waters of Gila River as those rights are set forth in the decree entered by the United States District Court for the District of Arizona on June 29, 1935, in United States against Gila Valley Irrigation District and others (Globe Equity Numbered 59); (4) Hooker Dam and Reservoir or suitable alternative, which shall be constructed in such a manner as to give effect to the provisions of subsection (f) of section 304; (5) Charleston Dam and Reservoir; (6) Tucson aqueducts and pumping plants; (7) Salt-Gila aqueducts; (8) related canals, regulating facilities, hydroelectric power-plants, and electrical transmission facilities required for the operation of said principal works; (9) related water distribution and drainage works; and (10) appurtenant works.

(b) Article II (B) (3) of the decree of the Supreme Court of the United States in Arizona against California (376 U.S. 340) shall be so administered that in any year in which, as determined by the Secretary, there is insufficient main stream Colorado River water available for release to satisfy annual consumptive use of seven million five hundred thousand acre-feet in Arizona, California, and Nevada, diversions from the main stream for the Central Arizona Project shall be so limited as to assure the availability of water in quantities sufficient to provide for the aggregate annual consumptive use by holders of present perfected rights, by other users in the State of California served under existing contracts with the United States by diversion works heretofore constructed, and by other existing Federal reservations in that State, of four million four hundred thousand acre-feet of mainstream water, and by users of the same character in Arizona and Nevada. Water users in the State of Nevada shall not be required to bear shortages in any proportion greater than would have been imposed in the absence of this subsection 301 (b). This subsection shall not affect the relative priorities, among themselves, of water users in Arizona, Nevada, and California which are senior to diversions for the Central Arizona Project, or amend any provisions of said decree.

(c) The limitation stated in subsection (b) of this section shall not apply so long as the Secretary shall determine and proclaim that means are available and in operation which augment the water supply of the Colorado River system in such quantity as to make sufficient mainstream water available for release to satisfy annual consumptive use of seven million five hundred thousand acre-feet in Arizona, California, and Nevada.

SEC. 302. (a) The Secretary shall designate the lands of the Salt River Pima-Maricopa Indian Community, Arizona, and the Fort McDowell-Apache [sic] Indian Community, Arizona, or interests therein, and any allotted lands or interests therein within said communities which he determines are necessary for use and occupancy by the United States for the construction, operation, and maintenance of Orme Dam and Reservoir, or alternative. The Secretary shall offer to pay the fair market value of the lands and interests designated, inclusive of improvements. In addition, the Secretary shall offer to pay toward the cost of relocating or replacing such improvements not to exceed $500,000 in the aggregate, and the amount offered for the actual relocation or replacement of a residence shall not exceed the difference between the fair market value of the residence and $8,000.

Each community and ⊥each affected allottee shall have six months in ⊥889
which to accept or reject the Secretary's offer. If the Secretary's offer is rejected, the United States may proceed to acquire the property interests involved through eminent domain proceedings in the United States District Court for the District of Arizona under 40 U. S. C., sections 257 and 258a. Upon acceptance in writing of the Secretary's offer, or upon the filing of a declaration of taking in eminent domain proceedings, title to the lands or interests involved, and the right to possession thereof, shall vest in the United States. Upon a determination by the Secretary that all or any part of such lands or interests are no longer necessary for the purpose for which acquired, title to such lands or interests shall be restored to the appropriate community upon repayment to the Federal Government of the amounts paid by it for such lands.

(b) Title to any land or easement acquired pursuant to this section shall be subject to the right of the former owner to use or lease the land for purposes not inconsistent with the construction, operation, and maintenance of the project, as determined by, and under terms and conditions prescribed by, the Secretary. Such right shall include the right to extract and dispose of minerals. The determination of fair market value under subsection (a) shall reflect the right to extract and dispose of minerals and all other uses permitted by this section.

(c) In view of the fact that a substantial portion of the lands of the Fort McDowell Mohave-Apache Indian Community will be required for Orme Dam and Reservoir, or alternative, the Secretary shall, in addition to the compensation provided for in subsection (a) of this section, designate and add to the Fort McDowell Indian Reservation twenty-five hundred acres of suitable lands in the vicinity of the reservation that are under the jurisdiction of the Department of the Interior in township 4 north, range 7 east; township 5 north, range 7 east; and township 3 north, range 7 east, Gila and Salt River base meridian, Arizona. Title to lands so added to the reservation shall be held by the United States in trust for the Fort McDowell Mohave-Apache Indian Community.

(d) Each community shall have a right, in accordance with plans approved by the Secretary, to develop and operate recreational facilities along the part of the shoreline of the Orme Reservoir located on or adjacent to its reservation, including land added to the Fort McDowell Reservation as provided in subsection (b) of this section, subject to rules and regulations prescribed by the Secretary governing the recreation development of the reservoir. Recreation development of the entire reservoir and federally owned lands under the jurisdiction of the Secretary adjacent thereto shall be in accordance with a master recreation plan approved by the Secretary. The members of each community shall have nonexclusive personal rights to hunt and fish on or in the reservoir without charge to the same extent they are now authorized to hunt and fish, but no community shall have the right to exclude others from the reservoir except by control of access through its reservation or any right to require payment by members of the public except for the use of community lands or facilities.

(e) All funds paid pursuant to this section, and any per capita distribution thereof, shall be exempt from all forms of State and Federal income taxes.

* * *

⊥SEC. 304. (a) Unless and until otherwise provided by Congress, ⊥891
water from the Central Arizona Project shall not be made available directly or indirectly for the irrigation of lands not having a recent irrigation history as determined by the Secretary, except in the case of Indian lands, national wildlife refuges, and, with the approval of the Secretary, State-administered wildlife management areas.

Water supply, repayment contracts.

(b) (1) Irrigation and municipal and industrial water supply under the Central Arizona Project within the State of Arizona may, in the event the Secretary determines that it is necessary to effect repayment, be pursuant to master contracts with organizations which have power to levy assessments against all taxable real property within their boundaries. The terms and conditions of contracts or other arrangements whereby each such organization makes water from the Central Arizona Project available to users within its boundaries shall be subject to the Secretary's approval, and the United States shall, if the Secretary determines such action is desirable to facilitate carrying out the provisions of this Act, have the right to require that it be a party to such contracts or that contracts subsidiary to the master contracts be entered into between the United States and any user. The provisions of this clause (1) shall not apply to the supplying of water to an Indian tribe for use within the boundaries of an Indian reservation.

⊥SEC. 309. (a) There is hereby authorized to be appropriated for construction of the Central Arizona Project, including prepayment for power generation and transmission facilities but exclusive of distribution and drainage facilities for non-Indian lands, $832,180,000 plus or minus such amounts, if any, as may be justified by reason of ordinary fluctuations in construction costs as indicated by engineering cost indices applicable to the types of construction involved therein and, in addition thereto, such sums as may be required for operation and maintenance of the project.

October 2, 1968
[S. 119]
82 Stat. 906

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That (a) this Act may be cited as the "Wild and Scenic Rivers Act".

(b) It is hereby declared to be the policy of the United States that certain selected rivers of the Nation which, with their immediate environments, possess outstandingly remarkable scenic, recreational, geologic, fish and wildlife, historic, cultural, or other similar values, shall be preserved in free-flowing condition, and that they and their immediate environments shall be protected for the benefit and enjoyment of present and future generations. The Congress declares that the established national policy of dam and other construction at appropriate sections of the rivers of the United States needs to be complemented by a policy that would preserve other selected rivers or sections thereof in their free-flowing condition to protect the water

quality of such rivers and to fulfill other vital national conservation purposes.

(c) The purpose of this Act is to implement this policy by instituting a national wild and scenic rivers system, by designating the initial components of that system, and by prescribing the methods by which and standards according to which additional components may be added to the system from time to time.

Land acquisition

⊥SEC. 6. (a) The Secretary of the Interior and the Secretary of Agriculture are each authorized to acquire lands and interests in land within the authorized boundaries of any component of the national wild and scenic rivers system designated in section 3 of this Act, or hereafter designated for inclusion in the system by Act of Congress, which is administered by him, but he shall not acquire fee title to an average or more than 100 acres per mile on both sides of the river. Lands owned by a State may be acquired only by donation, and lands owned by an Indian tribe or a political subdivision of a State may not be acquired without the consent of the appropriate governing body thereof as long as the Indian tribe or political subdivision is following a plan for management and protection of the lands which the Secretary finds protects the land and assures its use for purposes consistent with this Act. Money appropriated for Federal purposes from the land and water conservation fund shall, without prejudice to the use of appropriations from other sources, be available to Federal departments and agencies for the acquisition of property for the purposes of this Act.

(b) If 50 per centum or more of the entire acreage within a federally administered wild, scenic or recreational river area is owned by the United States, by the State or States within which it lies, or by political subdivisions of those States, neither Secretary shall acquire fee title to any lands by condemnation under authority of this Act. Nothing contained in this section, however, shall preclude the use of condemnation when necessary to clear title or to acquire scenic easements or such other easements as are reasonably necessary to give the public access to the river and to permit its members to traverse the length of the area or of selected segments thereof.

(c) Neither the Secretary of the Interior nor the Secretary of Agriculture may acquire lands by condemnation, for the purpose of including such lands in any national wild, scenic or recreational river area, if such lands are located within any incorporated city, village, or borough which has in force and applicable to such lands a duly adopted, valid zoning ordinance that conforms with the purposes of this Act. In order to carry out the provisions of this subsection the appropriate Secretary shall issue guidelines, specifying standards for local zoning ordinances, which are consistent with the purposes of this Act. The standards specified in such guidelines shall have the object of (A) prohibiting new commercial or industrial uses other than commercial or industrial uses which are consistent with the purposes of this Act, and (B) the protection of the bank lands by means of acreage, frontage, and setback requirements on development.

(d) The appropriate Secretary is authorized to accept title to non-Federal property within the authorized boundaries of any federally administered component of the national wild and scenic rivers system designated in section 3 of this Act or hereafter designated for inclusion in the system by Act of Congress and, in exchange therefor, convey to the grantor any federally owned property which is under his jurisdiction within the State in which the component lies and which he classifies as suitable for exchange or other disposal. The values of the properties so exchanged either shall be approximately equal or, if they are not approximately equal, shall be equalized by the payment of cash to the grantor or to the Secretary as the circumstances require.

(e) The head of any Federal department or agency having administrative jurisdiction over any lands or interests in land within the authorized boundaries of any federally administered component of the national wild and scenic rivers system designated in section 3 of this Act or hereafter designated for inclusion in the system by Act of Congress in authorized to transfer to the appropriate secretary jurisdic-⊥tion over such lands for administration in accordance with the provisions of this Act. Lands acquired by or transferred to the Secretary of Agriculture for the purposes of this Act within or adjacent to a national forest shall upon such acquisition or transfer become national forest lands. ⊥1913

(f) The appropriate Secretary is authorized to accept donations of lands and interests in land, funds, and other property for use in connection with his administration of the national wild and scenic rivers system.

(g) (1) Any owner or owners (hereinafter in this subsection referred to as "owner") of improved property on the date of its acquisition, may retain for themselves and their successors or assigns a right of use and occupancy of the improved property for noncommercial residential purposes for a definite term not to exceed twenty-five years or, in lieu thereof, for a term ending at the death of the owner, or the death of his spouse, or the death of either or both of them. The owner shall elect the term to be reserved. The appropriate Secretary shall pay to the owner the fair market value of the property on the date of such acquisition less the fair market value on such date of the right retained by the owner.

(2) A right of use and occupancy retained pursuant to this subsection shall be subject to termination whenever the appropriate Secretary is given reasonable cause to find that such use and occupancy is being exercised in a manner which conflicts with the purposes of this Act. In the event of such a finding, the Secretary shall tender to the holder of that right an amount equal to the fair market value of that portion of the right which remains unexpired on the date of termination. Such right of use or occupancy shall terminate by operation of law upon tender of the fair market price. Right of use and occupancy

(3) The term "improved property", as used in this Act, means a detached, one-family dwelling (hereinafter referred to as "dwelling"), the construction of which was begun before January 1, 1967, together with so much of the land on which the dwelling is situated, the said land being in the same ownership as the dwelling, as the appropriate Secretary shall designate to be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, together with any structures accessory to the dwelling which are situated on the land so designated. From the balance so calculated, there shall be deducted an amount equal to the construction charges against irrigable land (determined according to the approved designation of 1964) which were collected from the proceeds of sales of land and deposited in the tribal accounts. From the balance so calculated there shall be deducted $1,250, which represents the tribal funds used to purchase the following described lands, title to which was taken in the name of the United States and which hereafter shall be held by the United States in trust for the tribe:

The balance so calculated shall be increased by adding interest on the amounts that comprise the $920,112.74 from the end of the year in which each amount was originally used for the project to January 28, 1958, the date of the Court of Claims judgment, and interest from January 28, 1958, to the date of this Act on $920,112.74 adjusted by the deductions provided for in the foregoing provisions of this subsection.

(b) With respect to operation and maintenance charges, the tribal funds originally involved amounted to $529,828.20. From that sum

there shall be deducted the amount of $158,856.17, which represents a reimbursement of tribal operation and maintenance funds under a judgment of the United States Court of Claims for the portion of the operation and maintenance costs chargeable against non-Indian lands. From the balance so calculated, there shall be deducted an amount equal to the operation and maintenance charges against irrigable land (determined according to the approved designation of 1964) which were collected from the proceeds of sales of land and other sources and deposited in the tribal accounts. The balance so calculated shall be increased by adding interest on the amounts that comprise the $529,828.20 from the end of the year in which each amount was originally used for the project to January 28, 1958, the date of the Court of Claims judgment, and interest on the amounts that comprise the balance calculated pursuant to the first three sentences of this subsection, from January 28, 1958, or the end of the year in which each amount was used for the project to the date of this Act.

All claims for payment by mixed-bloods shall be filed not later than three years from the date of this Act. Thereafter, all claims and the right to file the same shall be forever barred and the unclaimed shares shall revert to the Ute Indian Tribe of the Uintah and Ouray Reservation.

SEC. 3. The Secretary is authorized to grant to Eastern without charge and subject to such conditions as he may prescribe (a) rights-of-way over Soboba Reservation lands necessary for the use, maintenance, and operation of supply and distribution facilities owned by the United States; (b) rights-of-way within which new service connections ⊥are installed after initial installation and rehabilitation work has been completed by Eastern; and (c) rights-of-way necessary for additional water main extensions and other waterworks facilities required for serving new development: *Provided*, That where title to the Soboba Reservation lands involved has been conveyed in fee simple by the United States the rights-of-way hereby authorized shall be subject to prior approval of the owner of record. Eastern shall construct, use, maintain, operate, or install the equipment or facilities for which the rights-of-way are granted in a manner that avoids damage to buildings, crops, or trees, or interference with growing of crops. SEC. 4. Nothing in this Act shall permit Metropolitan or Eastern, or their successors or assigns to alienate, encumber, or tax any property belonging to an Indian or Indian band which is held in trust by the United States of America, or which is subject to a restriction against alienation imposed by the United States of America, while such property is exempt therefrom under Federal case law or provisions of other Federal statutes.

Appropriation.

SEC. 5. There are authorized to be appropriated to carry out the provisions of subsection 2 (c) not to exceed $316,658, in addition to the unexpended balance of sums previously appropriated and available for a water supply to the Soboba Reservation and the $30,000 provided pursuant to subsection 2 (c), plus or minus such amounts, if any, as may be justified by reason of ordinary fluctuations in construction costs as indicated by engineering cost indices applicable to the types of construction involved. There are also authorized to be appropriated such sums as may be necessary to make any payments guaranteed pursuant to subsection 2 (g). No funds shall be appropriated pursuant to the authorization contained in this section until sixty calendar days (not counting days on which either the House of Representatives or the Senate is not in session because of an adjournment of more than three calendar days to a day certain) after the Secretary has submitted to the Congress a plan for the construction and use of the water supply and distribution facilities under subsection 2 (c), and for the repayment of costs as provided in section 6, and then only if within said sixty days neither the House nor the Senate Committee on Interior and Insular Affairs disapproves by committee resolution the plan submitted.

Time limitation. Construction plan, submittal to Congress.

Claims.

SEC. 6. Nothing in this Act shall affect the right of the Soboba Indians to pursue their claim against the United States under the Act of August 13, 1946 (60 Stat. 1049), now pending in docket numbered 80A before the Indian Claims Commission, but any expenditures under subsections 2 (c), (e), and (g), and the $30,000 paid by the Metropolitan and used pursuant to subsection 2 (c), may be used by the Commission either in mitigation of damages or as an offset against any award which the Indians may receive. If such amount exceeds the award, the excess, and all expenditures by the United States under subsections 2 (c), (e), and (g) after the date of the award, shall be repaid to the United States, without interest, by deductions from revenues received by the Soboba Band or its members from the sale, lease, or rental of the lands, such deductions to be in amounts that will reimburse the United States within fifty years, or as soon thereafter as possible, according to estimates of the Secretary of the Interior, which estimates may be revised from time to time: *Provided*, That deductions in any one year shall not exceed 50 per centum of the revenues received in that year.
